Violin, Mandolin, Cornet and all brass instruments. Piano tuning a specialty
37 Broadway, Jackson

Marriage License

Licenses to marry were issued to Sylvester King Carlisle of Jackson, and Ellen Matilda Walker of Ione, Amador county.

Wild West Show.

Stanley's rough riders of some sixteen people and eighteen horses, will stop in Jackson, enroute to the state fair, where they assist in the frontier show. They will give their exhibition here to-night and to-morrow night at 8 p. m. The tents will be pitched on the school grounds and judging from reports of surrounding papers, they have an excellent riding and roping show.

They also do numerous feats on a running saddle horse such as the pony express, cowboy pickup, Roman hip podrome and Russian drag. They will ride free of charge any bucking animal brought up to their arena.

JACKSON CITY ITEMS

Local Happenings About Amador's County Seat

Miss Loretta Meehen left this week for San Francisco, on a visit to friends in that city.

Mr and Mrs Walter Taylor returned from an outing at Kirkwoods and other mountain resorts.

Mrs Frank Simcich left Sunday morning for San Francisco, and from there will go to Tuscan Springs for treatment for rheumatism. She expects to be away one month.

Miss Amy Clark has gone to Oakland for a visit with friends.

Mr and Mrs B. F. Taylor left Monday morning for Carson City, Nevada, on a visit to their daughter, Mrs Cox. They expect to be away one month.

The dog poisoner is operating on Broadway. Judge Wood's dog was found dead on Tuesday morning. The animal was formerly owned by the late Judge Rust, and when Mrs Rust moved away she left the dog. A number of cats have also been gotten rid of in that vicinity by the poison route.

L. J. Craddock employed at the Red Front, and well liked by all who know him, has gone on several weeks vacation. Craddock, will visit Santa Cruz and other towns on the coast line.

Farley Drew Caminetti and Elizabeth Marie Burke, both of Jackson, Amador county.

A neat 5 room modern cottage for rent at Stacel Ave. Apply Ledger office.

Continued on Page 5

Unclaimed Letters.

Uuclaimed letters remaining in the Jackson, Cal., post office Aug. 19, 1910:

Miss Pauline Barrerill, Nana Cipriano, J. Clark, L. Dewney, Currier. Wm., Louis Perretti, Miss Jesse Hamilton, Raffaele Garbarino, G. Guisti E. Hankel, Miss Norma Kane, Mrs Anne Leen, P. Reechi, Fred Searles, A. Rickard.

Killed Big Deer

George Morrow, on Monday last, shot a big deer in the vicinity of the Ellis ranch near Buena Vista. The sportsmen hereabouts had been trying to capture this particular buck for years, but could never get a good shot at him. He has been roaming over that neighborhood for several seasons. When dressed the carcass weighed 170 pounds—a most extraordinary size, the average being about 100 pounds. The antlers are very fine, and were bought by John Garbarini for $8. He has since been offered $10 for them.

Brisco Married

Dave Brisco, the popular pharmcist at the city drug store, Jackson, and Miss Bertha Lucot of Jackson, left the city on Wednesday morning for Stockton, where they were united in the bonds of holy matrimony on Thursday, August 18th.

Bricso is the son of councilman M. Brisco of Stockton, and is well liked by the large circle of Jackson friends, who wish the happy couple much success in their chosen path through life.

Mr and Mrs Brisco will spend a short honeymoon in Stockton, after which they will return to this city, where they intend to make their future home.

Vote in City Precincts

At the primary election on Tuesday, the republicans and democratic votes cast in the city of Jackson for sheriff and superior judge was as follows:

	Rep.	Dem.	Total
SHERIFF—			
Davis	133	1	134
Gregory	27	73	100
Lucot	29	107	136
SUPERIOR JUDGE—			
Wood	176	46	222
Bole	1	99	100

Receipt books, location blanks, deeds mortgages, promissory notes, etc. for sale: also mining signals on cloth at Ledger office

PRIMARY ELECTION RETURNS--Amador Co.

SEMI-OFFICIAL,

The following is the complete returns on the republican ballot, and for the principal state officers and all county candidates on democratic ticket, except township officers and scattering votes. We will give corrected returns next week

Amador Limerock Company Meet.

At the regular meeting of the directors held last Saturday it was decided to start development work at once. The first thing in order is to strip the lime rock deposit at different point, and ascertain as far as possible its width, thickness and quality. Upon the result of this preliminary work the future operations of the company will be gauged. The property at Mt. Echo will be gone over carefully this week, and the places selected for this development work. It is thought that eight or ten men will be employed in this preliminary work, and it may take several weeks to finish it. The character of the stone as far as prospected is of the finest quality. It has no superior, and few equals in the state.

MINE NEWS ALONG LODE

Interesting Accounts of Mines Located In Amador Co.

Bunker Hill

The ore body on the 1950 foot level was encountered last Saturday night, fully 75 feet sooner than was anticipated as indicated by the conditions in the 1750 level. The character of the ore where the ledge has been broken into is if anything richer than that in the level above. It is high grade rock. Of course the size of the ore body is undetermined, but little doubt is entertained that it will prove a counterpart of the 1750 level, which has developed both in dimensions and quality beyond the most sanguine expectation. A meeting of the directors was held early this week, and it was cited to increase the milling capaicity to 40 stamps, E. H. Harrington, the superintendent, being directed to make arrangements for the additional 20 stamps.

The grading for this addition is completed, so that the work is not so formidable as it would be under other circumstances. It is hoped to have the extra stamps dropping by December. This strike adds immensely to the outlook for the mine. The ore shoot on the 1750 level is from 30 to 40 feet wide in places, all milling ore, and enough of it to keep a 40 stamp mill going for years from this level alone. With this shoot duplicated in the 1950 level, the possibilities of the Bunker Hill as a dividend producer for many years to come are exceedingly bright. Before this strike on the 1950 level, the stock was selling for $5.50 per share, with little offering at that price. As soon as the new development became known, all stock was withdrawn from sale at such figures. The shaft is being straightened. Indeed the work of getting the shaft in shape to handle the quantity of rock necessary to keep a 40 stamp mill running has been going on for years. All spare time available has been utilized. Of course the prime consideration has been to keep the mill going to its full capacity, so as to insure the regular monthly dividend payments to stockholders. But the work of taking the kinks out of the shaft has been pushed ahead at all intervals that could be spared. It is expected that the shaft and everything will be in shape as soon as the 40 stamps are ready to drop. So that nothing has been lost by delaying the enlargement of the mill until now.

The output of the mill for the past month was about $24,000, and the usual dividend of 5 cents per share was paid on the 15th, aggregating $10,000. The surplus in the treasury is about $80,000.

South Eureka

The company is paying regular dividends of three cents per share monthly. The output of gold is far more than is required for such a disbursement, but the heavy outlay for improvements to mill and machinery require a large percentage of theyield. When these are completed, the output of the 80 stamps will justify the payment of larger dividends. The ore in sight is sufficient to last for many years.

Carlisle a Benedict

S. King Carlile of Jackson, and Miss Ellen M. Walker of Ione, California, were united in marriage at Sacramento on Sunday morning, August 14, 1910, by the Rev. Frank K. Baker of the First M. E. church.

The bride and groom were attended by Miss Lena B. Walker, a sister of the bride, and Wm. J. Rowe.

After spending several weeks at San Francisco and other points along the coast. The couple will return to Jackson, where they will make their future home.

Henry Caddy Buried

Henry Caddy, a native of Cornwall, England, aged 38 years and 10 months, died at his late residence at the Kennedy Flat on Tuesday, August 16th.

The funeral of Caddy was held on Thursday, August 18, at 2 p. m. from his late home, thence to the Methodist church, Jackson where impressive services were held.

The funeral was attended by a large concourse of relatives and friends.

ENTERED AT THE POSTOFFICE AT JACKSON AS SECOND-CLASS MATTER.

FRIDAY ..... AUG. 19, 1910

THE NEW PRIMARY LAW.

The first practical test of the direct primary law has revealed a number of glaring defects. This is no more than was expected. It cannot be urged in favor of the repeal of the law, and a return to the old convention system, The new way of selecting nominees has come to stay. It is a step forward. It may require amendments extending over several sessions of the legislature to get it into satisfactory shape, but that this result will be eventually attained there can be no doubt. One serious objection is the heavy additional expense entailed both upon the individual candidates and the public treasuries. This added cost must eventually fall almost exclusively upon the taxpayers, whose burdens are at present strained to the limit. The increased expense can easily be curtailed by judicious amendments so as to bring it within reasonable bounds. In perhaps every county the cost of this direct primary election will far exceed the expense of the general election in November. This is an outrage that will not be submitted to indefinitely.

Another weak spot is the facility given for mixing up candidates of different parties on the same party ticket. We have had an exemplification of this in the local contest in this county. This gap, which makes it possible for one man to monopolize all party nominations for any particular office, should be closed up at the earliest possible moment. The law should not sanction the implied abandonment of political principles involved in trying to capture the endorsement for official position from two opposing parties, Neither a candidate for office nor the voter should be permitted to travel outside of his party lines in casting his vote at the primaries. If not satisfied with the printed list of candidates on his ballot, the privilige of writing other names in the blank spaces should be abridged to the extent of confining his scratching proclivities to registered voters of his own party. As it now stands the door is thrown wide open for the perpetration of fraud and trickery.

Another weak point is the fact that, in case of no party candidate being printed on the ballot, one or more names written on the ballots are sufficient to constitute a nomination. This seems inconsistent with the spirit of the primary law. There ought to be a minimum limit—say ten or fifteen per cent of the total party vote cast at such primary—and unless the written votes reach or exceed this minimum, the individual in whose behalf they were cast should be ignored.

The proposition to place a limit on state and county taxes is one that will meet with general favor, A constitutional amendment to that effect would carry overwhelmingly. It is realized that governmental expenses for state and county purposes have been increasing by leaps and bounds at an alarming rate of late years. Sooner or later the people will demand that a halt be called to the carnival of extravagance. The proposition to separate state and county taxes, which has been agitated for years, may not be without merit, but it is not likely to prove an adequate remedy for the evil complained of. Indeed, the idea was prompted by the fact that more money must be raised to meet the growing demands of the state government. It is quite probable that even limiting the tax rate will not work the desired relief of taxpayers. It is easy to get around a limiting provision by an abitrary raise of the assessment roll. A board of supervisors, however, that resorted to this plan to violate the spirit of the law and impose additional burdens upon the people, would court defeat at the polls.

Hiram Johnson, the Lincoln-Roosevelt league candidate, has carried the nomination for governor on the republican ticket. He got there by a division of the stalwart republican vote among four competitors. Curry proved far the strongest of the regulars, but went down to defeat because the anti-Johnson forces were unable to concentrate upon him. The cry of "kick the railroad out of politics"—sounded through the state with all the vehemence and ability of the candidate—tickled the popular fancy. Johnson was not our choice for governor, but now that he has been nominated, he is our candidate, and we hope he will receive the loyal support of every republican in the county.

SCIENTIFIC MISCELLANY

Reported weekly for the Ledger

Wheat for the Future—A Breathing Recorder—Test for Lubricants—England's Curious Reservoirs—Engiheer Heart— Decorative Plating—Improved Sizing—Curious Testfor Carbon—Peat Wood.

There will be enough to eat during the next forty years at least, if the conclusions of Prof. M. A. Carleton, of the United States Department of Agriculture, are justified. Of the, 1,900,947,200 acres constituting the total land area of the United States, the farms occupied 838,591,774 acres in 1900, and should exceed 1,300,000,000 acres in 1950, when the improved farm area should be 760,000,000 acres. The area in wheat—which has averaged 5.2 per cent for several decades—should be 6 per cent by 1950, or a total of about 80,000,000 acres. At 20 bushels per acre, 6 bushels being allowed as the increase in yield, this area would produce 1,600,000,000 bushels of wheat. One prediction is that the United States will have a population of 200,000,000 in 1950, and if this should be realized and the per capita consumption of wheat should increase from the present 6 bushels to 8 bushels, then the country can just supply its own wheat. It is extremely improbable, however, that either population or consumption will reach the high point named. To the 900,000,000 bushels estimated as the increase in United State's yield may be added 1,500,000,000 as the probable increase in production of Canada, the "black earth" area of eastern Europe and Siberia, and Argentina, making a total increase of 2,400,000,000 bushels in the chief exporting countries. Reasons are found for placing the world's demand for wheat at 5,500,000,000 bushels in 1950, an increase of 2,000,000,000 bushels over the present, so that an ample supply is probable.

The thoracograph of Dr. Dufestel includes an 18-inch copper ring, which is placed around the subject's body, and supported at any desired height. As a small carriage moves around the ring, an ebonite wheel pressing against the person's body, acts on a pantograph that draws on cross-ruled paper an exact contour of the chest-inflated or deflated.

Heating lubricating oils to 450 deg. F. is the simple test given the American society for testing materials. Inferior oils darken; good oils show little change.

The so-called "dew-ponds" of the downs," are still an interesting problem. They are all artificial, some of them modern but others older than the knowledge of man, and they may supply the hilltop with an abundance of water while the lowland is parched with drouth. They may be 30 to 75 feet in diameter, the depth of water being not more than three or four feet. An impervious bottom is necessary to the dew-pond, and usually consists of a layer of puddled chalk or clay, over which is spread a layer of rubble, with straw between or below the two layers. A current theory is that this heat insulated bottom condenses the invisible moisture of the air into dew, that keeps the cool basin filled. It appears that this view is not universal, however, for in some localities the ponds have been known as "cloud-ponds," "fog-ponds," or mist-ponds." Among meteorologists, the opinion has been expressed that rain alone may fill the basins, although their position on summits does not admit of accumulation by drainage. After extensive observations on behalf of the Royal Society, Edward A. Martin concludes that much of the water is supplied in Sussex and Kent and carry heavy loads of moisture. Places expecially exposed to these fogs seem to have been referred for the ponds.

How the heart is affected by different kinds of work is not known, but the engineer at least appears to be peculiarly liable to heart trouble. This terminates fatally in his case at the average age of 60. These conclusions are reached by a British statistician from a study of the annual report of the Amalgamated Society of Engineers, which has a membership of more than 100,000, and publishes mortality tables showing 214 deaths from affections of the heart, in each 1000, but only 98 from pneumonia, 93 from bronchitis, and 91 from old age.

A new German method of decorating metallic objects consists in applying a paste containing powder of a more easily melted metal, with a reducing agent, and a liquid boiling below the melting point of the powder. Just enough heat is then applied to cause the metallic coating to fuse and adhere. Metals of varied color may be applied.

A new sizing material patented in Germany, is prepared as a powder, and is a mixture of 50 parts by weight of gum arabic, 5 of wheat flour, 2 of gum tragacanth 25, of dextrin, 15 of sugar, and 3 of magnesium sulphate. The compound is designed especially for artists, bookbinders, and wall paper manufacturers. It is easily transported, is quickly made ready for use on dissolving in water, and is claimed to have important advantages over other sizing materials in being permanent, adhering firmly to all surfaces, and taking ink satisfactorily. The magnesium sulphate gives strong adhesion to smooth sufaces also increasing the power of absorbing emulsified oils. A matt surface is given to the size by the wheat flour, and this surface very satisfactorily takes ink.

Some curious observations have been made on the sounds given out by bars of iron on receiving a blow. The intensity of the sound depends on the temperature, and with increase of the temperature the intensity diminishes until it reaches a vanishing point near 100 deg. C. On rising from 150 deg. to a full red heat, the sound returns, reaches a maximum, and again falls off and ceases. The "extinction interval" depends on the proportion of carbon in the iron or steel. It is 100 deg. to 150 deg. for pure iron, 95 deg. to 145 deg. for 0.2 per cent carbon steel, and 85 deg. to 120 deg. for 0.45 per cent carbon steel. Steel having 1.3 per cent of carbon does not show the peculiarity.

An artificial wood patented in England by S. J. Davis and J. Rowell is made from 75 per cent of peat moss, 10 of starch, 10 of glue, and 5 of formaldehyde, carbolic acid or tannic acid. Boiling water is added to the glue, starch, etc., and the peat moss is worked into the mixture to form a thick paste, which can be molded or formed under heavy pressure into a great variety of articles. The composition, claimed to be a satisfactory and useful substitute for wood and other substance, has some advantage over natural wood.

Plain People's Riches

So common is the American habit of pointing to great fortunes as evidence of the country's wealth that it too often diverts attention from the real basis of our financial strength—the accumulated riches of the plain people. It is a fortunate thing, therefore, that we have an occasional view of this humbler aspect of the situation, the latest of which is presented in a compilation prepared by William Hanhart, secretary of the savings bank section of the American Bankers' Association.

Mr Hanhart's figures, compiled from reports of the comptroller of the currency, and the Monetary Commission, show that the average deposit in American savings banks is almost four times as great as the average for Europe, Asia, Africa, Canada and Oceana, and that the average deposit per capita of population is six times greater in the United States than in the geographical divisions named.

According to the report under consideration the total savings bank deposits in the world are $15,889,672,014, and of this total $56,787,35,379 belongs to Americans. One American in every six has money in a savings bank, and the average deposit amounts to $381.21, while in the rest of the world only one in every eight is a depositor, and the average deposit is only $101.66. Stated in another way, American savings bank depositors have $5,000,000,000 and sense, and they live in a land where wealth accumulates and men do not decay.

Spanish Dry Diggings

In the August number of the Grizzly Bear, Thomas R. Jones contributes an article entitled "The Gold Excitement Was at its Height Fifty Years Ago," and the following mentions is made of El Dorado county:

"Spanish Dry Diggings, in El Dorado county, was turning out men who made their pile nearly every day. "The Grit" claim paid five men forty-six pounds in one day, valued at $9,000. One pan of dirt contained eleven pounds of gold worth over $2,000. The owners of this claim were P. J. Robinson, L. Davis, J. Swift, J. Worden and G. W. Hamer. On March 12th C. B. Rogers, after having made $2,000 in ten days, sold his one-third interest in a claim to his partners, Noah Barr and G. C. Croston, for $1,000. The next day they struck a seam of decomposed quartz two inches wide and cleaned up $7,000. One run yielded 328 ounces or over twenty-seven pounds of gold worth $5,700. From a drift seven feet long and three feet wide they extracted in five days rock that yielded 182 pounds and 8 ounces of gold worth $38,360—on one day the yield was $11,550."

According to official reports more than two hundred million of dollars have been taken from the mines of El Dorado county in the past sixty years and modern methods with systematic mining will probably take as much more out during the next half century. There is plenty of gold yet in this county, the surface alone having been partially scratched over.

DONT HIDE YOUR MONEY

The man who hides his money because he assumes to be afraid of banks forgets that it was the bank that perhaps made the prosperity possible which gave him his money making opportunities. Without the bank there would be no large commercial or business enterprises possible, salaries snd wages would be low, and money making impossible. It is the bank in the exercise of its function in gathering together the funds of a community and putting them into active use that has brought prosperity.

To hide money is to hinder and hurt prosperity by restricting the circulation of money. Bring your money to the bank.

SUTTER CREEK

Aug. 19—At an early hour Tuesday morning at the residence of Mr and Mrs John Ross, Miss Vesta Ross and Willard B. Boyden were joined in the bonds of matrimony by Rev. Easterbrook. The wedding was a quiet affair, the guests present outside of the relatives were S. Thomas and wife and Miss Minnie Provis. The marriage also came as a surprise to the many friends of the couple. The bride is the one daughter of Mr and Mrs John Ross, and is a handsome and most charming young lady. The girl is a native of Rhode Island, and became acquainted with his bride some time previous, when living at Randsburg.

The couple left immediately after the ceremony for San Francisco to spend the honeymooon. They carry the best wishes of many friends with them.

Ernest Downing and wife of Vallejo, who were the guests of Mr and Mrs Newt Groves of this place for several weeks, returned to their home this week. Mr and Mrs Downing were residents of Sutter Creek ten years ago.

E. W. Voorheis returned to his Sutter Creek home last Saturday, and left again Tuesday for San Francisco.

James Davies went to San Francisco Wednesday.

Election day was very quiet. Everything went along smoothly and good natured, no eruption of any kind.

John Redpath returned to his home in Sutter Creek Wednesday evening, after an extended absence in Blair, Nevada.

Miss Edith Daneri returned Tuesday evening. after a few weeks sojourn in Sacramento, San Francisco and Oakland.

Miss Sybil Johnson left last week for Placerville, where she will remain and attend high school.

Miss Mary Lynch left Tuesday morning for an indefinite stay in San Francisco and Sonoma county.

Miss Lillie Treneman returned to her home in Stockton Wednesday, after a pleasant visit of several weeks here with relatives and old friends.

Joseph Cusanovich of San Francisco, a former Sutter Creek boy, is visiting friends here.

Mrs Andrew Riley went to Stockton Tuesday for a brief visit with her mother.

Mrs Frank Risedorph and children left Tuesday to visit a few weeks with relatives in Oakland.

Sutter Creek lodge, No. 31, I. O. O. F., at the close of their regular sesson Monday evening, entertained the members of Excelsior Rebekah lodge. The brothers had provided bountfully for their guests, and also a pleasing program arranged. There was music and songs, reading, cards, and games. Miss Lillie Trenaman and Mrs Ella George received the first and second prize in amusing games. The brothers waited on their guests in a gallant manner, and it was a successfully pleasing socal time, and hereafter social receptions will be given monthly by one of the three branches of the I. O. O. F.

PINE GROVE

Aug. 16—Dr. R. G. Richards, dentist of San Francisco, who has been practicing his professon in Volcano for the past two months, is at present located here.

Elsye and Leoto Luttrell of Stockton, formerly of Pine Grove, are visiting friends here this week.

F. C. Nessly, wife and daughter, left on Tuesday morning for Sacramento.

Wm. Brown of Oleta, was a business visitor in town this week.

Miss Mildred Harmon, who has been visiting relatives near Sutter Creek, has returned to her home Buela.

AMADOR

Aug. 16—Mrs Leon Rojas is very ill at present, but the doctors have pronounced her beyond all danger. It may be some time before she fully recovers.

Mrs G. F. Williamson and Thos. Richards left for Mexico Monday, where Mr Richards has secured employment. We all regret his departure from this vicinity.

Mrs Susie O'Brien, is a visitor of her mother, Mrs Tom Kerr of this city.

Lila Morrow is here visiting her parents and other relatives of this town.

Morton Hambley has gone away on his vacation. Ralph Hunter has taken his place during his absence.

Mr and Mrs Wales Palmer have gone away on their vacation. Mr Palmer has held the position of superintendent at the Fremont mine for a number of years.

Frank Kelly of this city has gone to Sacramento, where he has secured work.

Miss Rena Gatten has returned home, after spending a few days with relatives at Plymouth.

Mr Hill of El Dorado is visiting with his cousins, Mr and Mrs L. White of this place.

Miss Sybilla Jones has been on the sick list for a few weeks, but is slowly improving.

Frank Cuneo has gone to the hop fields to work during the hop season.

Most of the people of this town like melons, but the coons like them better and are making a raid on the Rose melon patch—not the patch, the melons.

Salem Boneau, the bookkeeper at Chichizola estate company has taken his vacation, after a year's hard work.

Mr and Mrs Borden are to be congratulated upon their return to Amador. Mr Borden was nightwatchman at the Keystone mill before leaving.

Primrose.

COPPER HILL

Aug. 17—George Slavich jr. and Carleton Cox of San Jose, accompanied Artie Wilds on his trip to Copper on Thursday last. A dance was given at Mrs Grave's on Saturday, August 13th, and was very well attended. Several from here went and all reported a very enjoyable time. A hard time dance is to be given there on Saturday, August 27th

Mrs Job Daniels little girl is quite ill.

On account of such a scarcity of water, the main shaft at the mine has been closed down indefinately. Several men were laid off, but the work is still going on at the Blind Pigeon shaft.

On Sunday last, fire broke out here, and the alarm was given about 1:30 p. m. The men began back firing so as to change the course of the fire, which was headed for the tents. George Bonnefoy sr. was caugth between two fires, and burnt so badly, three doctors were called in, namely, Dr. Norman of Plymouth, Dr. Endicott of Jackson, and Dr. Hart of Sacramento, also two trained nurses. On Monday death came as a blessed relief to the suffering man. Deceassd leaves wife, two sons and a daughter. George and Victor Bonnefoy and Mrs Daisy Lowenthall, also a host of friends to mourn his loss.

Mr and Mrs Geo. Penter passed through here on their way to their uncle's funeral, Mr Wilcox, who was buried at the Slough house on Thursday last. Their little dauhgter Viola, who has been visiting Mrs Ola Walton of this place for the past week, accompanied them home.

Mr and Mrs Chas. Walton are visiting relatives in Plymouth.

Mr Kendrich went to the Bay State on business on Tuesday last.

Buster Brown and Mary Jane.

T. D. Davis and bride arrived here on Sunday last from San Jose.

Jake Reeves has returned home from Latrobe.

Brad Reeves was up from Sacramento a few days' last week.

Miss Mary Nessing of Missouri, is spending a few days in town.

Thomas Pinder has gone to Cosumnes, where he has a position.

Maybe.

Concert Very Good

Jackson had the pleasure of enjoying another open air concert last Saturday evening. The band is increasing in membership, and the members are zealously working with their new leader to bring each instrument up to the standard.

The program rendered consisted of eight well selected pieces. and was ably executed. Over 100 contributors are listed as firm supporters of the organization, and all are anxious that the progress of the band will not be hampered by any inforseen incidents, such as have kept the town from having a well established band up to this time.

Following is an elaborate program, which we can fairly say is worth hearing:

1. "Lieutenant Santleman," March, - - - - Geo. Rosenkraus
2. "Tennette," Schott Caprice, - - - - - B. G. McFall
3. Mexican Kisses," Habanera, - - - - - Chas. J. Roberts
4. Little Ione," Waltz, - - - - G. E. Holmes
5. Popular,
   a, "What's the matter with Father," - - Arr. by Lanife
   b, "I'll make a ring around Rosie," - - Arr. by Lanife
6. Summer Breezes," Serenade, - - - - - Mackie Beyer
7. "Glow Worm," Medley Selcet, - - - - Arr. by LaFarge
8. "Echoes from Yafville," Char. March, - Mackie Beyer

Struck a Rich Mine

MARTELL.

Aug. 16—I was so stunned I could'nt appear last week as Mr Jeffries requested me to do. As your correspondent calls himself Jeffries, I suppose I am to be Johnson. Well you all know what Johnson did to Jeffries. Nuff said.

Grandma Gubbins spent a week in Jackson, as the guest of her daughter, Mrs Adam Huberty.

Miss Rachel Robinson has returned home, after a week's visit with her brother and family.

Mrs D. Robinson visited at Volcano a couple of days last week.

Mrs Geo. Asbury has returned home from her vacation.

Henry Jordon of Sacramento county was visiting relatives here last week.

Miss Ina Merrow of Sutter Creek visited Mrs Andrew Darling last week.

Mr and Mrs Al. Darling and baby are on the sick list.

Miss Helen Campbell of Sutter Hill, was a visitor at Kerr's station Sunday.

Jesse Vose of Oleta, was a visitor at Martell last week.

Mr and Mrs Wm. Tyack entertained a few friends last Saturday evening. Many beautiful selections on the graphaphone were listened to, and dainty refreshments were served. The favored guests were Mr and Mrs D. Robinson and daughter, and Mrs C. E. Froelich and sons, Mrs Andrew Darling and children, Miss Rachel Robinson, Misses Jennie and Viola Darling, Wallace Mounter and Percy Tyack. Johnson.

A Bad Frost.

Gregory's effort to capture the republican nomination was a signal frost. The only instance of a candidate being knocked off his own ticket, was in the case of Greenhalgh against Wilson. Wilson was trotted out at the eleventh hour imported from Calaveras county. to oppose Greenhalgh for superintendent of schools. There was not the ghost of a show to win out, and those engineering the scheme knew it. But the voters would have none of it, the democrats voting Greenhalgh their nominee by the decisive majority of about 140. That settled that issue. There is only one man running for school superintendent, namely the present republican incumbent, Judge Wood besides carrying the practically solid vote of his party for superior judge, receved about 25 per cent of the democratic votes also, which sufficiently indicates the decisive tendency of the voters as regards that office.

Life on Panama Canal

has had one frightful drawback malaria trouble that has brought suffering and death to thousands. The germs cause chills, fever and ague, biliousness, jaundice, lassitude, weakness and general debility. But Electric Bitters never fail to destroy them and cure malaria troubles. "Three bottles completely cured me of a very severe attack of malaria," writes Wm. A. Fretwell, of Lucam N. C., "and I've had good health ever since.." Cures stomach, liver and kidney troubles, and prevents typhoid. 50 cents. Guaranteed by Spagnoli's drug store.

Eye Much Better

Al Podesta returned from Stockton on Monday evening, where he had been urged to go by Dr. Gall of Jackson, in order to have special treatment given his eye, which was injured by being struck by small pieces of steel. Dr. Walker, an eye specialist, treated the eye, and informed Podesta that Gall had successfullly removed all the steel, and that inflammation would soon dissappear.

KILLED IN BERKLEY

Caught in a Railroad Flywheel.

Harry Lory, a native of this county, and a resident of Jackson for many years, but who moved to Oakland several years ago, was the victim of a fatal mishap in Berkeley on Tuesday last. A press dispatch from Berkeley of that date gives the following particulars of the affair:

Harry A. Lory of 1445 Grove street, Oakland, a carpenter foreman. employed by the Southern Pacific Railroad Company on its extension work in north Berkeley. was killed this afternoon by having his head caught in a flywheel of a hoisting machine while working on the frame work of the big tunnel the company is digging.

The man was placing some wooden blocks at the base of the engine, near the flywheel, and in some inexplicable manner became entangled in the fast revolving machine. Before the engine could be stopped Lory's head was almost severed from his body.

The injured man was conveyed to the Roosevelt hospital, but died shortly after reaching the institution. Deceased is survived by a mother 80 years of age, who resides in Oakland.

FROM OUR EXCHANGES

News of Interest from Near-by Counties

While making conncetions with the new dynamos at the power house of the A. R. E. Co., Monday morning, James Roxbury and J. E. Root, two electricians who had the work in hand, came very near to being electrocuted. In placing one of the lighter wires in position it came in contact with the main current cable carrying 24,000 volts. Root was knocked down and his hands severely burned, but escaped further injury aside from the heavy shock. Roxbury was not so fortunate, as he was struck senseless and his hands and the soles of his feet literally cooked. Dr. W. A. Reckers made a record trip in reaching the wounded men and fixed them up as comfortably as possible. For a time it was feared that Roxbury was fatally injured, but later reports show that both men are on the road to recovery. It was a miraculous escape from death.—Mt. Democrat.

The stork delivered a bouncing baby boy to the home of Thomas Coombs, who resides on the Hamilton tract. Dr. Gall called at the place, and reports that the boy is of the huggable kind.

JACKSON CITY ITEMS

Continued from Page 1

J. F. Wilson. Dentist. Hours 9 a. m. to 5 p. m. Phone—Office, Main 75: residence. black 394; Jackson.

Dr. Gall left Jackson for San Francisco on Wednesday last, and expects to spend some time on his vacation along the coast. Dr. Endicott has agreed to attend to his practice while away.

Had dyspepsia or indigestion for years. No appetite, and what I did eat distressed me terribly. Burdock Blood Bitters cured me.''—J. H. Walker, Sunbury, Ohio.

Dysentery is a dangerous disease but can be cured. Chamberlain's colic, cholera and diarrhoea remedy has been successfully used in nine epidemics of dysentery. It has never been known to fail. It is equally valuable for children and adults, and when reduced with water and sweetened, it is pleasant to take. Sold by all dealers.

District attorney Vicini left for Santa Cruz yesterday, where he joined his wife and children. The district attorney will be absent about two weeks.

G W Weller has secured the services of Fred Friswell, of New York, who is a capable plumber and sheet-metal worker. Estimates will be furnished on such work ou these lines. Give us a call.

Mrs Driscoll of Scottsville left this week on a visit to Oakland.

In buying a cough medicine, don't be afraid to get Chamberlain's cough remedy. There is no danger from it, and relief is sure to follow. Especially recommended for coughs, colds and whooping cough. Sold by all dealers.

Tom Peek of Oakland is visiting his parents, Mr and Mrs W. P. Peek.

Constipation causes headache, nausea dizziness, languor, heart palpitation. Drastic physics gripe, sicken, weaken the bowels and don't cure. Doan's regulets act gently and cure constipation. 25 cents. Ask your druggist.

Mrs Jas. Meehan has gone to San Francisco, accompaned by her daughter Loretta.

Road and state poll taxes are now due and payable to the assessor, and will be delinquent in August. Pay up and avoid the penalty. tf.

Miss V. Duke of Sacramento is visiting her sister, Mrs Cleve Jones.

Don't let the baby suffer from eczema, sores or any itching of the skin. Doan's ointment gives instant relief, cures quickly. Perfectly safe for children. All druggists sell it.

Cory McKenzie, who has been attending ditch for the Standard Electric Company at Tabeau reservoir, has been transferred to the upper beat near West Point.

Be sure and take a bottle of Chamberlain's colic cholera and diarrhoea remedy with you when starting on your trip this summer. It cannot be obtained on board the trains or steamers. Changes of water and climate often cause sudden attacks of diarrhoea, and it is best to be prepared. Sold by all dealers.

Have you ever tried those self-dipping well buckets for sale at Wellller's Hardware Store?

Jackson real estate company has several exceptional bargains on ranches, roadhouses and hotels. Anyone desiring a good bargain would do well to apply for particulars immediately at the Jackson real estate company, Jackson.

ANY LADY can easily make from $18 to $25 per week working for me quietly in her own home locality. This is a bonafide offer—one which will pay you to investigate, even if you can only spare two hours per day. No investment required. Turn your spare time into money. Write me at once for particulars. Address MARY B. TAYLOR, Box 30, Woman's Building, Joliet, Illinois.

When the digestion is all right, the action of the bowels regular, there is a natural craving and relish for food. When this is lacking you may know that you need a dose of Chamberlain's stomach and liver tablets. They strengthen the digestive organs, improve the appetite and regulate the bowels. Sold by alll dealers.

The Best Hour of Life

is when you do some great deed or discover some wonderful fact. This hour came to J. R. Pitt, of Rocky Mt., N. C., when he was suffering intensely, as he says, ''from the worst cold I ever had, I then proved to my great satisfaction, what a wonderful cold and cough cure Dr. King's New Discovery is. For, after taking one bottle, I was entirely cured. You can't say anything too good of a medicine like that.'' Its the surest and best remedy for diseased lungs, hemorrhages, la grippe, asthma, hay fever—any throat or lung troule. 50c. $100. Trial bottle free. Guaranteed by Spagnoli's drug store.

Never can tell when you'll mash a finger or suffer a cut, bruise, burn or scald. Be prepared. D. Thomas' Eclectic Oil instantly relieves the pain—quickly cures the wound.

Children Cry
FOR FLETCHER'S
CASTORIA

Episcopal Services

One does have to go to a large city in order to participate in a beautiful and impressive religious ceremony. This was fully demonstrated in the Episcopal church last Sunday evening. It was a special ''flower service,'' as the rector stated, to commemorate the custom of long ago, when the choice fruits of the field were brought to the church and presented to God as a thanksgiving for a bountiful harvest.

In floral display throughout the church on the occasion was most beautiful. Every window ledge was neatly festooned with flowers and shrubbery, while the chancel sanctuary and altar were very tastefully decorated.

The uniqueness of the ceremony, to which the beautiful Episcopal service readily adapts itself, consisted of the floral offering by the pastor and the surpliced choir. With the first sweet strains of the organ that silence before service, which always pervades an Episcopal congregation, was gently interrupted; the choir entered and passed up the center isle singing a procession hymn and carrying bouquets of roses. As the crossbearer at the head of the procession reached the sanctuary railing, a halt was made, the ranks opened and the pastor followed in succession by the choristers in rear, passed through the midst to the altar. After all had made their offering, without interruption to the singing or to the order of the procession, pastor and choir took their usual places in the chancel, and the regular services were held.

Staggers Skeptics.

That a clean, nice fragrant compound like Bucklen's Arnica salve, will instantly relieve a bad burn, cut, scald, wound or piles, staggers skeptics. But great cures prove its a wonderful healer of the worst sores, ulcers, boils, felons, eczema, skin eruptions, as also chapped hands, sprains and corns Try it. 25 cents at Spagnoli's drug store.

West Point Ignores Rules, Game Ends

West Point and Jackson crossed bats on the local diamond Sunday last and played eight innings of league ball. The West Point nine came to our city Saturday evening, and quartered at the National hotel. The boys seemed to be above the average class of ball players, and carried every mark of refinement, fully on a par with our own team, from every point of view. In the first half of the ninth inning with the visitors at bat, a one base hit was made and the following batter hit a three bagger into left field. The ball was recovered by Steel and threw home. Cromer, who is very well liked for his general team work, played close on to the home plate, and was ready to deliver the ball to Brown, who stood on the plate to put out the runner coming from third base.

Steel threw the ball as umpire Kirby was running into line, in order to give a fair decision. The ball struck the umpire in the back and the umpire immediately called it a dead ball. Many of the Jackson fans declared Cromer would have captured the ball and put it to the plate in plenty of time to put out the runner, had the ball not been interfered with. Cromer is a sure catch, and very quick in delivering, and it is claimed ample time was to be had to put the runner out.

The play being declared dead, the umpire ordered the players back to their bases. West Point objected, declaring their one run was safe, and after a short wrangle, umpire Kirby gave the visitors 10 minutes notice to consider the decision and resume the play, or forfeit the game.

Kirby, the umpire, read to the visitors the official rules of the game, which fully covered the existing difficulty, but West Point players seemed to think they were treated unfairly, and left the grounds. The score at the time of the trouble was 6 to 5 in Jackson's favor, but the umpire called the game a 9-0 score, because the visitors refused to continue the game.

Steele deserves special mention for his fielding and hitting, ''My, how he plows the dust,'' is heard from all sides when he reaches a base. Brown and Costa team up in great shape, and are a valuable addition to the Jackson nine.

Smoke Committee

The copper smoke commiittee seems to be divided in regards to their opinion as to the intention of the Penn Chemical Co. doing anything in the near future in regards to the Copper smoke question, and it seems to be the opinon of a majority of the ranchers along the river with part of the committee that the company are playing for time. The principal reason for most of this feeling is because the president, Mr Lockride told the committee that he expected to have the dry chlorination plant in Colorado in operation not later than July this year. It seems he now wants until October to answer as to whether they will install a dry chlorination plant at Campo Seco, as they have not the Colorado. plant finished yet. There is some talk that Mr Lockridge will be in California during the month of August, when something a little more definite may be made known. At any rate a great many people both in Calaveras and Amador county are getting anxious for the committee to make a report of some kind to the end that some action may be taken looking for relief from the poison fumes. There has been plenty of evidence this year plainly discernable to anyone that the smoke was doing great damage to the country at large.—Prospect.

70 Years with Coughs

We have had nearly seventy years of experience with Ayer's Cherry Pectoral. That makes us have great confidence in it for coughs, colds, bronchitis, weak throats, and weak lungs. Ask your own doctor what experience he has had with it. He knows. He can advise you wisely. Keep in close touch with your family physician. No alcohol in this cough medicine. *J. C. Ayer Co., Lowell, Mass.*

Be well; be strong. You cannot if your bowels are constipated. The best laxative is Ayer's Pills, all vegetable. Ask your doctor if he agrees with us. Do as he says.

Alpine Mining Company.

This company, which has been organized for some time, has purchased from the Bank of California for a large sum the Alpine mine, situated partly within the town site of Plymouth. The property has been idle for over thirty years. It adjoins the famous Plymouth Consolidated, which has yielded millions to the fortunate stockholders of bonanza days. Capitalists of Oakland are principally interested in the company to operate the Alpine claim. They mean businses, and the deal was consummated after a thoroug investigation of the property, and reports thereon made by different experts in the days of its activity. The company has been incorporated for $1,000,000, with ample capital already subscribed to provide means to equip and develop the property. The machinery and timbers for the hoist have been ordered, and already supplies are on the way for the commencement of operations. John L. Henry, a mining engineer of note, who has had experience in the mineral fields of Montana and Utah, is president of the company, and will personally superintend the work of development. The Tiffany residence has been purchased and he will make his home there. The office of the company is 720-721 Kohl building, San Francisco.

The prospects for opening up a good mine on this property are very bright. There are two shafts both sunk in ealy days. One is 260 feet deep, the other 700, with 480 feet of drifts. The ore body is reported by those who are in a position to know to be from 7 to 9 feet wide, and yielded $8 per ton from the plates. No effort was made to save the sulphurets in those days, and with modern applicances these will add materally to the yield.

The Alpine was closed on account of litigation in the foreclosure of lien by the bank, and the Bank of California, which has held it for so many years, placed a stiff price upon it, and would not bond, but insisted upon a cash purchase. The deeds, we understand, have already passed. The company has also purchased the Hartford claim adjoining, which includes a parallel ledge known as the Reese and Woolford ledge. The people of Plymouth are jubilant over the starting of this mine.

It is reported that the Plymouth Consolidated has been bought by a company with strong financial backing and will be worked at an early date.

Capitalists are beginning to realize that Amador county offers the best opportunity for the investment of capital in mines to be found anywhere in America. This is freely conceded by Mr Henry, who is familiar with a number of noted mining regions.

Auto Boosted

F. J. Linz, vice president and general manager of the Maxwell Briscoe Pacific Co. of San Francisco, distributor for Maxwell automobiles, returned to his official duties August 1st from a two month's trip east. While away and visiting the Mamoth Maxwell factories, he purchased 300 Maxwell automobiles for fall trade. The original allotment for the Pacific coatst was 1000, which were all delivered before June 1st.

In speaking of the automobile industry, Mr Linz says that not a manufacturer of standard make will be able to supply more than ½ the demand. We purchased 2500 Maxwells for 1911 trade on the Pacific coast, and we could easily dispose of 5000. Every up-to-date business man, farmer or rancher, is buying an automoble of some description and the time is here when he cannot afford to be without one. As a money and time saver, the automobile has no equal.

BONNEFOY'S INJURIES FATAL

Popular Miner Laid to His Final Rest Yesterday

Geo. P. Bonnefoy died at Copper Hill last Monday, August 15, at 5:45. Bonnefoy was employed at the Copper Hill mine and had attempted to extinguish a large brush fire which had been raging near the mine. The unfortunate man was 52 years of age, a native of California, and a member of Plymouth parlor, No. 48, N. S. G. W., under whose auspices the funeral was, conducted on Thursday afternoon August 18, from the Latrobe hotel at 2 o'clock.

Bonnefoy, who is foreman at the Copper Hill mine is thought to have gone out into the fields to beat out a fire, and so prevent it from destroying fences and outbuildings. While he was putting out the blaze he failed to notice that the fire was being backfired, and as a result he was caught between the flames and severely burned about the hands, he was found later unconscious and with life nearly extinct.

Dr. Hart of Sacramento was called, and hastened to Copper Hill in a large auto. Dr. Norman of Plymouth also called Dr. Endicott of Jackson, who hastily drove to the scene of the accident.

Bonnefoy, however, was past medical assistance, and never regained consciousness up to his death. The unfortunate man is well known in Amador county, and has a host of friends in Jackson who bewail his sad and untimely death.

The particulars of this sad affair are not fully known. He must have gone out alone. There seems to have been no one working with him at the danger point. His presence on the windward side of the fire was evidently not known to the others who were backfiring. As soon as this firng was started, of course he was threatened with suffocation from smoke and flame. It is probable he took the only course open, namey, made a brave rush through the flames that were being driven in upon him by the wind. In doing this he was evidently overcome by smoke or inhaling the flames, and fell exhausted. The burns about the body were severe, but not sufficient to cause death, in so short a time.

Deceased has been working at the Copper mine owned by W. F. Detert for a number of years. He was proprietor of the Latrobe hotel, and also recently purchased the Vanderpool ranch near Plymouth, and preparing to engage in the dairy business. He was getting along nicely in worldly circumstances. He leaves a wife and several children, all grown up to mourn his sad end.

Hotel Opens

Hotel Land is finished. This majestic hotel, which is the worthy successor of the state house was conceived and builld by William Land of Sacramento. Mr Land stands foremost as a practical hotel man. He has erected in Sacramento City a monument to its growing greatness, as well as his own marvelous success as a financial and commercial genius. Monday, August 15th, the doors will be thrown open to the legion of town and country people who flock to whatever hotel Mr Land conducts. Everybody from everywhere will make it their home when in Sacramento. The furnishings are all new. Every room or suite will have a telephone, hot and cold water and steam heat. The artesian wells on the premises will furnish the water supply. These wells are the product of subterranean streams. Popular prices will rate and the European plan prevail. All aboard for Sacramento. Even the Sailors will desert their ships to come and have a drink on Land.

FORMERLY OF SACRAMENTO
1220 MARKET ST. SAN FRANCISCO

Notice to Voters.

Notice is hereby given to the electors of the State of California that the following acts will be submitted to the people of the State of California for their ratification at the next general election, to be holden on the eighth day of November, A. D. 1910, to wit:

SENATE BILL NO. 485.

Passed the Senate, March 8, A.D. 1909. Lewis A. Hilborn, Secretary of the Senate.

Passed the Assembly, March 15, A. D. 1909. Clio Lloyd, Chief Clerk of the Assembly.

This Bill was received by the Governor, this 19th day of March, A. D. 1909, at 11 o'clock a m. E. C. Cooper, Private Secretary of the Governor

CHAPTER 320. An act to provide for the issuance and sale of state bonds to create a fund for the improvement of San Francisco harbor by the construction by the board of state harbor commissioners of wharves, piers, state railroad, spurs, betterments and appurtenances, and necessary dredging and filling in connection therewith in the city and county of San Francisco: to create a sinking fund for the payment of said bonds: to define the duties of state officers in relation thereto; to make an appropriation of five thousand dollars for the expense of printing said bonds; and to provide for the submission of this act to a vote of the people.

The people of the State of California, represented in senate and assembly, do enact as follows:

SECTION 1. For the purpose of providing a fund for the payment of the indebtedness hereby authorized to be incurred by the board of state harbor commissioners for the erection of wharves, piers, seawall, state railroad, spurs, betterments and appurtenances, and necessary dredging and filling in connection therewith, in the city and county of San Francisco, at a cost not to exceed nine million dollars (which said wharves, piers, sea wall, state railroad, spurs, betterments and appurtenances and necessary dredging and filling in connection therewith, the board of state harbor commissioners are hereby empowered to construct and do, in the manner authorized by law, and at a cost not to exceed said nine million dollars), the state treasurer shall immediately after the issuance of the proclamation of the governor, provided for in section 10 hereof, prepare nine thousand suitable bonds of the State of California, in the denomination of one thousand dollars each. The whole issue of said bonds shall not exceed the sum of nine million dollars, and said bonds shall bear interest at the rate of four per centum per annum, from the date of issuance thereof, and both principal and interest shall be payable in gold coin of the present standard value, and they shall be payable at the office of the state treasurer, at the expiration of seventy-four years from their date, subject, however, to redemption by lot as in this act hereinafter provided. Said bonds shall bear date the second day of July, A.D nineteen hundred and eleven, and shall be made payable on the second day of July, nineteen hundred and eighty-five. The interest accruing on such of said bonds as are sold, shall be due and payable at the office of the state treasurer on the second day of January, and on the second day of July, of each year after the sale of the same; provided that the first payment of interest shall be made on the second day o' July nineteen hundred and twelve. on so many of said bonds as may have been theretofore sold. At the expiration of seventy-four years from the date of said bonds, all bonds sold shall cease to bear interest, and likewise all bonds redeemed by lot shall cease to bear interest as in this act provided, and the said state treasurer shall call in, forthwith pay and cancel the same, out of the moneys in the second San Francisco seawall sinking fund provided for in this act, and he shall, on the first Monday of July, nineteen hundred and eighty-five, also cancel and destroy all bonds not theretofore sold. All bonds issued shall be signed by the governor, and countersigned by the controller, and shall be endorsed by the state treasurer, and the said bonds shall be so signed, countersigned and endorsed by the officers who are in office on the second day of July, 1911, and each of said bonds shall have the seal of the state stamped thereon. The said bonds signed, countersigned, and endorsed and sealed, as herein provided, when sold shall be and constitute a valid and binding obligation upon the State of California, though the sale thereof be made at a date or dates after the person signing, countersigning and endorsing, or any or them, shall have ceased to be the incumbents of such office or offices. Each bond shall contain a clause that it is subject to redemption by lot after the year nineteen hundred and fifty.

SEC. 2 Interest coupons shall be attached to each of said bonds, so that such coupons may be removed without injury to or mutilation of the bond. Said coupons shall be consecutively numbered, and shall bear the lithographed signature of the state treasurer who shall be in office on the second day of July, 1911. But no interest on any of said bonds shall be paid for any time which may intervene between the date of any of said bonds and the issue and sale thereof to a purchaser, unless such accrued interest shall have been, by the purchaser of said bond, paid to the state at the time of said sale.

SEC. 3. The sum of five thousand dollars is hereby appropriated to pay the expense that may be incurred by the state treasurer in having said bonds prepared. Said amount shall be paid out of the San Francisco harbor improvement fund on controller's warrants, duly drawn for that purpose.

SEC. 4. When the bonds authorized to be issued under this act shall be duly executed, they shall be by the state treasurer sold at public auction to the highest bidder for cash, in such parcels and numbers as said treasurer shall be directed by the governor of the state, under the seal thereof, after a resolution requesting such sale shall have been adopted by the board of state harbor commissioners, and approved by either the governor of the state or mayor of the city and county of San Francisco, who shall only approve the same when in their judgment the actual harbor receipts, and those reasonably anticipated, will justify such sale of bonds and the consequent increased burden on harbor receipts; but said treasurer must reject any and all bids for said bonds, or for any of them, which shall be below the par value of said bonds so offered, plus the interest which has accrued thereon between the date of sale and the last preceding interest maturity date; and he may, by public announcement at the time fixed for the sale, continue such sale as to the whole of the bonds offered, or any part thereof offered, to such time and place as he may select. Before offering any of said bonds for sale the said treasurer shall detach therefrom all coupons which have matured or will mature before the date fixed for such sale. Due notice of the time and place of sale of all bonds must be given by said treasurer by publication in two newspapers published in the city and county of San Francisco, and also by publication in one newspaper published in the city of Oakland, and by publication in one newspaper published in the city of Los Angeles, and by publication in one newspaper published in the city of Sacramento, once a week during four weeks prior to such sale. In addition to the notice last above provided for, the state treasurer may give such further notice as he may deem advisable, but the expense and cost of such additional notice shall not exceed the sum of five hundred dollars ($500.00) for each sale so advertised. The cost of such publication shall be paid out of the San Francisco harbor improvement fund, on controller's warrants duly drawn for that purpose. The proceeds of the sale of such bonds, except such amount as may have been paid as accrued interest thereon, shall be forthwith paid over by said treasurer into the treasury, and must be by him kept in a separate fund, to be known and designated as the "Second San Francisco Seawall Fund" and must be used exclusively for the construction of wharves, piers, seawall, state railroad, spurs betterments and appurtenances, and necessary dredging and filling in connection therewith, on the water front of the city and county of San Francisco. Drafts and warrants upon said fund shall be drawn upon and shall be paid out of said fund in the same manner as drafts and warrants are drawn upon and paid out of the San Francisco harbor improvement fund. The amount that shall have been paid at the sale of said bonds as accrued interest on the bonds sold shall be, by the state treasurer, immediately after such sale, paid into the treasury of the state and placed in the "Second San Francisco Seawall Sinking Fund."

SEC. 5 For the payment of the principal and interest of said bonds a sinking fund, to be known and designated as the "Second San Francisco Seawall Sinking Fund" shall be, and the same is hereby created, as follows, to wit: "The state treasurer, after the second day of July, nineteen hundred rnd twenty-nine, shall, on the first day of each and every month thereafter, after the sale of said bonds, take from the San Francisco harbor improvement fund such sum as, multiplied by the time, in months, the bonds then sold and outstanding have to run, will equal the principal of the bonds sold and outstanding at the time said treasurer shall so take said sum from said San Francisco harbor improvement fund, less the amount theretofore taken therefrom for said purpose; and he shall place the sum in the second San Francisco seawall sinking fund created by this act. Said state treasurer shall, on controller's warrants duly drawn for that purpose, employ the moneys in said sinking fund in the purchase of bonds of the United State, or of the State of California, or of the several counties or municipalities of the State of California, which said bonds shall be kept in a proper recepticle, appropriately labeled; but he must keep always on hand a sufficient amount of money in said sinking fund with which to pay the interest on such of the state bonds herein provided to be issued as may have theretofore been sold. And to provide means for the payment of interest on the bonds that may be sold and outstanding, said treasurer shall monthly take from the San Francisco harbor improvement fund, and pay into said seawall sinking fund, an amount equal to the monthly interest then due on all bonds then sold, delivered and outstanding. The board of state harbor commissioners are hereby authorized and directed by the collection of dockage, tolls, rents, wharfage and cranage to collect a sum of money sufficient for the purposes of this act, over and above the amount limited by section two thousand five hundred and twenty-six of the Political Code of the State of California. Between the first and tenth day of May, in the year nineteen hundred and fifty-one, and between the first and tenth day of May of each year thereafter, until the maturity of said bonds, the said treasurer shall, in the presence of the governor, proceed to draw by lot such an amount of bonds as shall be requisite to exhaust as nearly as may be the amount in said sinking fund at that time, and shall thereupon and before the tenth day of June following, give notice by public advertisement to be inserted twice a week for two weeks in two newspapers published in the city and county of San Francisco, and also in one newspaper published in the city of Oakland, and also in one newspaper published in the city of Los Angeles, and also one newspaper published in the city of Sacramento, stating the number of bonds so drawn and that the principal of said bonds will be paid on presentation to the treasurer on or before the second day of July following, and from and after such last named date all interest upon bonds thus drawn shall cease, and it shall be the duty of the treasurer as soon as said bonds so drawn by lot are surrendered to him and paid to cancel the same and the interest coupons thereon, and each year begininng with the year nineteen hundred and fifty-one, the said treasurer shall, in the manner aforesaid, proceed to draw by lot such an amount of bonds as shall be requisite to exhaust as nearly as may be the amount in said sinking fund, and proceed in the manner hereinabove stated. After the payment of all said bonds, the surplus or balance remaining in said sinking fund, if any there be, shall forthwith be paid into the San Francisco harbor improvement fund. At the time of the respective drawings by lot, as aforesaid, and also at the maturity of said state bonds, said treasurer shall sell the United States or other bonds then in said sinking fund, at governing market rates, after advertising the sale thereof in the manner hereinbefore provided for the sale of bonds hereby authorized to be issued, and shall use the proceeds for the payment of such bonds as may be drawn by lot, and at the maturity of said bonds outstanding shall pay and redeem said matured outstanding bonds out of said moneys in said fund in extinguishment of said bonds on controllers warrants duly drawn for that purpose.

SEC. 6. The state controller and the state treasurer shall keep full and particular account and record of all their proceedings under this act, and they shall transmit to the governor an abstract of all such proceedings thereunder, with an annual report, to be by the governor laid before the legislature biennially; and all books and papers pertaining to the matter provided for in this act shall at all times be open to the inspection of any party interested, or the governor, or the attorney-general, or a committee of either branch of the legislature, or a joint committee of both, or of any citizen of the state.

SEC 7. It shall be the duty of the state treasurer to pay the interest of said bonds, when the same falls due, out of the sinking fund provided for in this act, on controller's warrants duly drawn for that purpose.

8 This act, if adopted by the people, shall take effect on the thirty-first day of December, nineteen hundred and ten, as to all its provisions except those relating to and necessary for its submission to the people, and for returning, canvassing and proclaiming the votes, and as to said excepted provisions this act shall take effect immediately.

SEC 9. This act shall be submitted to the people of the State of California for their ratification at the next general election to be holden in the month of November, nineteen hundred and ten, and all ballots at said election shall have printed thereon and at the end thereof, the words, "For the San Francisco Harbor Improvement Act of 1909," and in the same square under said words the following, in brevier type: "This act provides for the improvement of San Francisco harbor and for the payment of all costs thereof out of the San Francisco Harbor Improvement Fund." In the square immediately below the square containing said words, there shall be printed on said ballot the words: "Against the San Francisco Harbor Improvement Act of 1909," and immediately below said words, "Against the San Francisco Harbor Improvement Act of 1909," in brevier type, shall be printed, "This act provides for the improvement of San Francisco harbor, and for the payment of all costs thereof out of the San Francisco Harbor Improvement Fund." Opposite the words "For the San Francisco Harbor Improvement Act of 1909," and "Against the San Francisco Harbor Improvement Act of 1909," there shall be left spaces in which the voters may make or stamp a cross to indicate whether they vote for or against said act, and those voting for said act shall do so by placing cross opposite the words "For the San Francisco Harbor Improvement Act of 1909," and all those voting against the said act shall do so by placing a cross opposite the words "Against the San Francisco Harbor Improvement Act of 1909" The governor of this state shall include the submission of this act to the people, as aforesaid, in his proclamation calling for said general election.

Sec. 10, The votes cast for or against this act shall be counted, returned and canvassed and declared in the same manner and subject to the same rules as votes cast for state officers; and if it shall appear that said act shall have received a majority of all the votes cast for and against it at said election as aforesaid, then the same shall have effect as hereinbefore provided, and shall be irrepealable until the principal and interest of the liabilities herein created shall be paid and discharged, and the governor shall make proclamation thereof; but if a majority of the votes cast as aforesaid are against this act then the same shall be and become void,

Sec, 11, It shall be the duty of the secretary of state to have this act published in at least one newspaper in each county or city and county, if one be published therein, throughout this state, for three months next preceding the general election to be holden in the month of November, nineteen hundred and ten, the costs of publication shall be paid out of the San Francisco harbor improvement fund, on controller's warrants duly drawn for that purpose.

Sec. 12 This act may be known aud cited as the "San Francisco Harbor Improvement Act of 1909."

Sec. 13. All acts and parts of acts in conflict with the provisions of this act are hereby repealed.

W. R PORTER,
President of the Senate.
P. A. STANTON,
Speaker of the Assembly.

Approved March 20, A. D. 1909.

J N. GILLETT, Governor.

Endorsed: Filed in the office of the Secretary of State the 25 day of March, A. D. 1909, at 4 o'clock P. M. C. F. Curry, Secretary of State. B. S. Hoesch, Deputy.

ASSEMBLY BILL NO. 990

Passed the Assembly, March 4, A. D. 1909. Clio Lloyd, Chief Clerk of the Assembly.

Passed the Senate, March 11, A D. 1909, Lewis A Hilborn, Secretary of the Senate.

This bill was received by the Governor, this 20 day of Mar., A. D. 1909, at 12 o'clock M. E. C Cooper, Private Secretary of the Governor.

CHAPTER 383. An act authorizing the construction, acquisition, maintenance and control of a system of state highways in the State of California; specifying the work, fixing the payments to be made by counties for moneys expended therein; providing for the issuance and sale of state bonds to create a fund for the construction and acquisition of such system; creating a sinking fund for the payment of said bonds; and providing for the submission of this act to a vote of the people.

The people of the State of California, represented in senate and assembly, do enact as follows,

SECTION 1. A system of state highways in and for the State of California shall be constructed and acquired as and in the manner provided by law by the department of engineering of said state at a cost not to exceed eighteen million dollars. For the purpose of providing for the payment of the cost of the construction or acquisition of said system of said highways, the State of California is hereby authorized to incur an indebtedness in the manner provided by this act in the sum of eighteen million dollars.

Immediately after the issuance of the proclamation of the governor, as provided in section 11 of this act, the treasurer of the state shall prepare eighteen thousand suitable bonds of the State of California in the denomination of one thousand dollars each, to be numbered from 1 to 18,000 inclusive, and to bear the date of the third day of July, 1911 The total issue of said bonds shall not exceed the sum of eighteen million dollars and they shall bear interest at the rate of four per cent per annum from the date of issuance thereof. The said bonds and the interest thereon shall be payable in gold coin of the United States of the present standard of value at the office of the treasurer of said state at the times and in the manner following to wit: The first four hundred of said bonds shall be due and payable on the third day of July, 1917, and four hundred of said bonds in consecutive numerical order shall be due and payable on the third day of July, in each and every year thereafter until and including the third day of July, 1961 The interest accruing on all of said bonds that shall be sold shall be payable at the office of the treasurer of the state on the third day of January and the third day of July of each and every year after the sale of the same The interest on all bonds issued and sold shall cease on the day of their maturity and the said bonds so issued and sold shall on the day of their maturity be paid as herein provided and canceled by the treasurer of said state All bonds remaining unsold shall, at the date of the maturity thereof be by the treasurer of the state canceled and destroyed. All bonds issued pursuant to the provisions of this act shall be signed by the governor of this state, countersigned by the state controller and endorsed by the state treasurer, and the said bonds shall be so signed, countersigned and endorsed by the officers who are in office on the third day of July, 1911, and each of said bonds shall have the great seal of the State of California impressed thereon. The said bonds signed, countersigned, endorsed and sealed as herein provided, when sold, shall be and constitute a valid and binding obligation upon the State of California, though the sale thereof be made at a date or dates after the person so signing countersigning and endorsing, or either of them, shall have ceased to be the incumbents of said office or offices.

SEC 2. Appended to each of said bonds there shall be interest coupons so attached that the same may be detached without injury to or mutilation of said bond. The said coupons shall be consecutively numbered and shall bear the lithographed signature of the state treasurer who shall be in office on the third day of July, 1911. No interest shall be paid on any of said bonds for such time as may intervene between the date of said bond and the day of sale thereof, unless such accrued interest shall have been, by the purchaser of said bond, paid to the state at the time of such sale.

SEC 3. There shall be provided in the general appropriation bill sufficient money to defray all expenses that shall be incurred in the advertising of the sale thereof, as in this act provided.

SEC. 4 When the bonds authorized by this act to be issued shall have been signed, countersigned, endorsed and sealed as in section one provided, the state treasurer shall sell the same in such parcels and numbers as the governor of the state shall direct, to the highest bidder for cash. The governor of the state shall issue to the state treasurer such direction immediately after being requested so to do, through and by a resolution duly adopted and passed by a majority vote of the advisory board of the department of engineering Said resolution shall specify the amount of money which, in the judgment of said advisory board shall be required at such time and the governor of the state shall direct the state treasurer to sell such number of said bonds as may be required to raise said amount of money and that said bonds shall be sold in consecutive numerical order commencing with the first four hundred thereof. The state treasurer shall not accept any bid which is less than par value of the bond plus the interest which has accrued thereon between the date of sale and the last preceding interest maturity date. The state treasurer may at the time and place fixed by him for said sale continue such sale as to the whole or any part of the bonds offered to such time and place as he may at the time of such continuance designate. Before offering any of said bonds for sale, the said treasurer shall detach therefrom all coupons which have matured or will mature before the date fixed for such sale. The state treasurer shall give notice of the time and place of sale by publication in two newspapers published in the city and county of San Francisco and in one newspaper published in the city of Oakland, in one newspaper published in the city of Los Angeles and in one newspaper published in the city of Sacramento once a week for four weeks next preceeding the date fixed for such sale. In addition to the notice last above provided for, the state treasurer may give such further notice as he may deem advisable, but the expenses and cost of such additional notice shall not exceed the sum of five hundred dollars for each sale so advertised.

There is hereby created in and for the state treasury a fund to be known and designated as the "State Highway Fund," and immediately after such sale of bonds the treasurer of the state shall pay into the state treasury and cause to be placed in said state highway fund the total amount received for said bonds, except such amount as may have been paid as accrued interest thereon. The amount that shall have been paid at such sale as accrued interest on the bonds sold shall be by the treasurer of the state, immediately after such sale, paid into the treasury of the state and placed in the interest and sinking fund.

The moneys placed in the state highway fund, pursuant to the provisions of this section, shall be used exclusively for the acquisition of rights of way for and the acquisition and construction of said system of state highways. The route or routes of said state highways shall be selected by the department of engineering, and said route shall be so selected and said highways so laid out and constructed or acquired as to constitute a continuous and connected state highway system running north and south through the state, traversing the Sacramento and San Joaquin valleys and along the Pacific coast by the most direct and practicable routes, connecting the county seats of the several counties through which it passes and joining the centers of population, together with such branch roads as may be necessary to connect therewith the several county seats lying east and west of such state highway.

Moneys shall be drawn from said state highway fund for the purposes of this act upon warrants duly drawn by the controller of the state upon demands made by the department of engineering and audited by the state board of examiners.

Sec 5. There is hereby appropriated from the general fund in the state treasury such sum annually as will be necessary to pay the principal of and the interest on the bonds, issued and sold pursuant to the provisions of this act, as said principal and interest becomes due and payable.

There shall be collected annually in the same manner and at the same time as other state revenue is collected such a sum in addition to the ordinary revenues of the state, as shall be required to pay the principal and interest on said bonds as herein provided, and it is hereby made the duty of all officers charged by law with any duty in regard to the collection of said revenue, to do and perform each and every act which shall be necessary to collect such additional sum

The treasurer of the state shall, on the first day of January, 1912, and on the first day of each July and the first day of each January thereafter transfer from the general fund of the state treasury to the interest and sinking fund such an amount of the money by this act appropriated as shall be required to pay the interest on the bonds theretofore sold, until the interest on all of said bonds so sold shall have been paid or shall have become due in accordance with the provisions of this act.

There is hereby created in the state treasury a fund to be known and designated as the "State Highway and Sinking Fund." The treasurer of the state shall on the first day of July of the year 1917, and on the first day of July of each and every year thereafter in which a parcel of the bonds sold pursuant to the provisions of this act shall become due, transfer from th. general fund of the state treasury to the said state highway sinking fund such an amount of the moneys appropriated by this act as may be required to pay the principal of the bonds so becoming due and payable in such years.

Sec. 6. The principal of all of said bonds sold shall be paid at the time the same become due from the state highway sinking fund, and the interest on all bonds sold shall be paid at the time said interest becomes due from the interest and sinking fund. Both interest and principal shall be so paid upon warrants duly drawn by the controller of the state upon demands audited by the state board of examiners, and the faith of the State of California is here pledged for the payment of said bonds so sold and the interest accruing thereon.

Sec. 7. The state controller and state treasurer shall keep full and particular account and record of all their proceedings under this act, and they shall transmit to the governor in triplicate an abstract of all such proceedings thereunder with an annual report in triplicate, one copy of each to be by the governor laid before each house of the legislature biennially. All books and papers pertaining to the matter provided for in this act shall, at all times, be open to the inspection of any party interested, or the governor, or the attorney general, or a committee of either branch of the legislature, or a joint committee of both, or any citizen of the state.

Sec. 8. The highway constructed or acquired under the provisions of this act shall be permanent in character, and be finished with oil or macadam or a combination of both, or of such other material as in the judgment of said department of engineering shall be most suitable and best adapted to the particular locality traversed. The state department of engineering, in the name of the people of the State of California, may purchase, receive by donation or dedication, or lease any right of way, rock quarry or land necessary or proper for the construction, use or maintenance of said state highway, and shall proceed, if necessary, to condemn under the provisions of the Code of Civil Procedure relating to such proceedings any necessary or proper right of way, rock quarry or land. The department of engineering shall have full power and authority to purchase all supplies, material, machinery, and to do all other things necessary or proper in the construction and maintenance of said state highway. With the exception of those public highways which have been permanently improved under county or permanent road division bond issues within three years prior to the adoption of this act, all public highways within this state lying within the right of way of said state highway as determined and adopted by the department of engineering shall be and the same shall become a part of the right of way of said state highway, without compensation being paid therefor; provided nothing herein contained shall require the state to maintain any highway along or on said right of way prior to the completion or acquisition of the permanent improvements contemplated by this act. Whenever any money received from the sale of bonds under the provisions of this act, shall be expended in any county in this state, such county must pay into the state treasury such sum each year as shall equal the interest, at the rate of four per cent per annum upon the entire sum of money expended within such county in the construction of said state highway, less such portion of said amount expended as the bonds matured under the provisions of this act shall bear to the total number of bonds sold and outstanding. All highways constructed or acquired under the provisions of this act shall be permanently maintained and controlled by the State of California.

Sec. 9. This act, if adopted by the people, shall take effect on the thirty first day of December, 1910, as to all its provisions except those relating to, and necessary for, its submission to the people and for returning, canvassing and proclaiming the votes, and as to such excepted provisions this act shall take effect immediately.

Sec. 10. This act shall be submitted to the people of the State of California for their ratification at the next general election to be holden in the month of November, 1910, A.D., and all ballots at said election shall have printed thereon, and at the end thereof, the words "For the state highway act;" and in a separate line, under the same, the words "Against the state highway act." Opposite said lines there shall be left spaces in which the voters may make or stamp a cross to indicate whether they vote for or against said act, and those voting for said act shall do so by placing a cross opposite the words "For the state highway act," and all those voting against the said act shall do so by placing a cross opposite the words "Against the state highway act." The governor of this state shall include the submission of this act to the people, as aforesaid, in his proclamation calling for said general election.

Sec. 11. The votes cast for or against this act shall be counted returned and canvassed and declared in the same manner and subject to the same rules as votes cast for state officers, and if it appears that said act shall have received a majority of all the votes cast for and against it at such election, as aforesaid, then the same shall have effect as hereinbefore provided, and shall be irrepealable until the principal and interest of the liabilities herein created shall be paid and discharged, and the governor shall make proclamation thereof. But if a majority of the votes cast, as aforesaid, are against this act then the same shall be and become void.

Sec. 12. It shall be the duty of the secretary of state to have this act published in at least one newspaper in each county or city and county, if one be published therein, throughout this state, for three months next preceding the general election to be holden in the mouth of November, A. D. nineteen hundred and ten; the cost of publication shall be paid out of the general fund, on controller's warrants duly drawn for the purpose.

Sec. 13. This act shall be known and cited as the 'State Highway Act."

Sec. 14. All acts and parts of acts in conflict with the provisions of this act are hereby repealed.

P. A. STANTON,
Speaker of the Assembly.

SENATE BILL NO. 227.

Passed the Senate February 17, A. D. 1909. Lewis Hilborn, Secretary of the Senate.

Passed the Assembly, March 10, A. D. 1909. Clio Lloyd, Chief Clerk of the Assembly.

This Bill was received by the Governor, this 15th day of March, A. D. 1909, at 3 o'clock p. m. E. C. Cooper, Private Secretary of the Governor.

CHAPTER 407. An Act to provide for the issuance and sale of state bonds to create a fund for the acquisition by the board of state harbor commissioners of a necessary area for a tidal basin for wharves, docks, piers, harbors and appurtenances in the city and county of San Francisco; to create a sinking fund for the payment of said bonds; and defining the duties of state officers in relation thereto; making an appropriation of one thousand dollars for the expense of printing said bonds; and providing for the submission of this act to a vote of the people.

The people of the State of California, represented in senate and assembly. do enact as follows:

SECTION 1 For the purpose of providing a fund for the payment of the indebtedness authorized to be incurred by the board of state harbor commissioners for the acquisition of the necessary area for a tidal basin extending the area of India basin on the water front of the city and county of San Francisco, as provided in an act entitled "An act to authorize and direct the board of state harbor commissioners to institute condemnation proceedings against certain property north of India basin, and extending to Islais creek in the city and county of San Francisco. and extending the jurisdiction of said board over the same, and providing for the payment of judgments from the proceeds of bonds issued and sold under the provisions of an act entitled "An act to provide for the issuance and sale of state bonds to create a fund for the acquisition by the board of state harbor commissioners of a necessary area for a tidal basin for wharves, docks, piers, harbors, and appurtenances in the city and county of San Francisco; to create a sinking fund for the payment of said bonds; and defining the duties of state officers in relation thereto; making an appropriation of $1,000 for the expense of printing said bonds; and providing for the submission of this act to a vote of the people," the state treasurer shall, immediately after the issuance of the proclamation by the governor, provided for in section 10 hereof, prepare one thousand suitable bonds of the State of California, in the denomination of one thousand dollars each. The whole issue of said bonds shall not exceed the sum of one million dollars, and said bonds shall bear interest at the rate of four per centum per annum, from the time of the sale thereof, and both principal and interest shall be payable in gold coin of the present standard value and they shall be payable at the office of the state treasurer at the expiration of seventy-four years from their date, subject, however, to redemption by lot as in this act hereinafter provided. Said bonds shall bear date the second day of January, A. D. 1911, and shall be made payable on the second day of January, A. D. 1985 The interest accruing on such of said bonds as are sold shall be due and payable at the office of the state treasurer on the second day of January, and on the second day of July, of each year after the sale of the same: provided, that the first payment of interest shall be made on the second day of January, A. D. 1912, on so many of said bonds as have been theretofore sold. At the expiration of seventy-four years from the date of said bonds, all bonds sold shall cease to bear interest, and likewise all bonds redeemed by lot shall cease to bear interest as in this act provided, and the said state treasurer shall call in, forthwith pay and cancel the same, out of the moneys in the India basin sinking fund provided for in this act, and he shall on the first Monday of January, A D. 1985, also cancel and destroy all bonds not theretofore sold. All bonds issued shall be signed by the governor, and countersigned by the controller, and shall be endorsed by the state treasurer, and each shall have the seal of the state stamped thereon Each bond shall contain a clause that it is subject to redemption by lot after the year nineteen hundred and thirty-nine.

SEC. 2—Interest coupons shall be attached to each of said bonds, so that such coupons may be removed without injury to or mutilation of the bond Said coupons shall be consecutively numbered, anp shall be signed by the state treasurer. But no interest on any of said bonds shall be paid for any time which may intervene between the date of any of said bonds and the issue and sale thereof to a purchaser.

SEC. 3. Tho sum of one thousand dollars is hereby appropriated to pay the expense that may be incurred by the state treasurer in having said bonds prepared. Said amount shall be paid out of the "San Francisco harbor improvement fund" on controller's warrants duly drawn for that purpose

SEC 4. When the bonds authorized to be issued under this act shall be duly executed, they shall be sold by the state treasurer at public auction to the highest bidder for cash, in such parcels and numbers as said state treasurer shall determine; but said treasurer must reject any and all bids for said bond, or for any of them, which shall be below the par value of said bonds so offered for sale, and he may by public announcement at the place and time fixed for the sale, for good and sufficient cause, continue such sale as to the whole of the bonds offered, or any part thereof offered, to such time and place as he may select, not exceeding, however, sixty days. Due notice of the time and place of sale of all bonds, and of the postponement of sale thereof, must be given by said treasurer by publication in two newspapers published in the city and county of San Francisco, and also by publication in one newspaper published in the city of Oakland, and by publication in one newspaper published in the city of Los Angeles, and by publication in one newspaper published in the city of Sacramento, once a week during four weeks prior to such sale. The costs of such publication shall be paid out of the "San Francisco harbor improvement fund" on controller's warrants, duly drawn for that purpose. The proceeds of the sale of such bonds shall be forthwith paid over by said treasurer into the treasury, and must be by him kept in a separate fund to be known and designated as the "India Basin fund," and must be used exclusively for the acquisition of the area described in the act referred to in section 1 hereof. Drafts and warrants upon said fund shall be drawn upon and shall be paid out of said fund in the same manner as drafts and warrants are drawn upon and paid out of the "San Francisco Harbor Improvement Fund."

SEC. 5. For the payment of the principal and interest of said bonds a sinking fund, to be known and designated as the "India Basin Sinking Fund," shall be, and the same is hereby created, as follows, to wit: The state treasurer shall, on the first day of each and every month after the second day of December, A. D. 1928, take from the "San Francisco harbor improvement fund," such sum as, multiplied by the the time the bonds then sold and outstanding have to run will equal the principal of the bonds sold and outstanding at the time said treasurer shall so take said sum from said San Francisco harbor improvement fund, less the amount theretofore taken therefrom for said purpose; and he shall place the sum in the India basin sinking fund created by this act. Said state treasurer shall, on controller's warrants duly drawn for that purpose, employ the moneys in said sinking fund in the purchase of bonds of the United States, or of the State of California, or of the several counties or municipalities of the State of California, which said bonds shall be kept in a proper receptacle appropriately labeled; but he must always keep on hand a sufficient amount of money in said sinking fund with which to pay the interest on such of the state bonds herein provided to be issued as may have theretofore been sold. And to provide means for the payment of interest on the bonds that may be sold and outstanding, said treasurer shall monthly take from the San Francisco harbor improvement fund, and pay into said India basin sinking fund, an amount equal to the monthly interest then due on all bonds then sold, delivered and outstanding. The board of state harbor commissioners is hereby authorized and directed by the collection of dockage, tolls, rents, wharfage and cranage, to collect a sum of money sufficient for the purposes of this act, over and above the amount limited by section two thousand five hundred and twenty-six of the Political Code of the State of California, Between the first and tenth day of November, in the year nineteen hundred and forty, and between the first and tenth day of November of each year thereafter until the maturity of said bonds the said treasurer shall, in the presence of the governor, proceed to draw by lot such an amount of bonds as shall be requisite to exhaust as nearly as may be the amount in said sinking fund at that time, and shall thereupon and before the tenth day of December following, give notice by public advertisement to be inserted twice a week for two weeks in two newspapers published in the city and county of San Francisco, and also in one newspaper published in the city of Oakland, and also in one newspaper published in the city of Los Angeles, and also in one newspaper published in the city of Sacramento, stating the number of bonds so drawn, and that the principal of said bonds shall be paid on presentation to the treasurer on or before the second day of January, following, and that from and after such last named date all interest upon bonds thus drawn shall cease, and it shall be the duty of the treasurer as soon as said bonds so drawn by lot are surrendered to him and paid, to cancel the same, and the interest coupons thereon, and each year, beginning with the year nineteen hundred and forty, the said treasurer shall, in the manner aforesaid, proceed to draw by lot such an amount of bonds ss shall be requisite to exhaust as nearly as may be the amount in said sinking fund, and proceed in the manner hereinabove stated, After the payment of all said bonds, the surplus or balance remaining in said sinking fund, if any there be, shall forthwith be paid into the San Francisco harbor improvement fund. At the time of the respective drawings by lot, as aforesaid, and also at the maturity of said state bonds, said treasurer shall sell the United States or other bonds then in said sinking fund, at governing market rates, after advertising the sale thereof in the manner hereinbefore provided for the sale of bonds hereby authorized to be issued, and shall use the proceeds for the payment of such bonds as may be drawn by lot, and at the maturity of said bonds outstanding shall pay and redeem said matured outstanding bonds out of said money in said fund in extinguishment of said bonds on controller's warrants duly drawn for that purpose.

SEC. 6. The state controller and state treasurer shall keep full and particular account and record of all their proceedings under this act, and they shall transmit to the governor an abstract of all such proceedings thereunder, with an annual report, to be by the governor laid before the legislature biennially; and all books and papers pertaining to the matter provided for in this act shall at all times be open to the inspection of any party interested, or the governor, or the attorney general, or a committee of either branch of the legislature, or a joint committee of both, or any citizen of the state.

SEC. 7. It shall be the duty of the state treasurer to pay the interest of said bonds, when the same falls due, out of the sinking fund provided for in this act, on controller's warrants duly drawn for that purpose.

SEC. 8. This act, if adopted by the people, shall take effect on the thirty-first day of December, A. D nineteen hundred and ten, as to all its provisions except those relating to and necessary for its submission to the people, and for returning, canvassing, and proclaiming the votes, and as to said excepted provisions this act shall take effect immediately.

SEC. 9. This act shall be submitted to the people of the state of California for their ratification at the next generall elaction to be holden in the month of November, A. D. nineteen hundred and ten, and all ballots at said election shall have printed thereon, the words, "For the India Basin Act," and in the same square, under said words, the following in brevier type: "This act provides for the acquisition of a tidal basin in the bay of San Francisco for harbor purposes, and for the payment of all costs thereof out of the 'San Francisco Harbor Improvement Fund." In the square immediately below the square containing said words, there shall be printed on said ballot, the words "Against the India Basin Act," and immediately below said words "Against the India Basin Act," in brevier type, shall be printed: "This act provides for the acquisition of a tidal basin in the bay of San Francisco, for harbor purposes, and for the payment of all costs thereof out of the "San Francisco Harbor Improvement Fund.'" Opposite the words "For the India Basin Act," and "Against the India Basin Act," there shall be left spaces in which the voters may make or stamp a cross to indicate whether they vote for or against said act, and those voting for said act shall do so by placing a cross opposite the words "For the India Basin Act," and all those voting against said act shall do so by placing a cross opposite the words "Against the India Basin Act." The governor of this state shall include the submission of this act to the people, as aforesaid, in his proclamation calling for said general election.

SEC. 10. The votes cast for or against this act shall be counted, returned and canvassed and declared in the same manner and subject to the same rules as votes cast for state officers; and if it appear that said act shall have received a majority of all the votes cast for and against it at said election as aforesaid, then the same shall have effect as hereinbefore provided, and shall be irrepealable until the principal and interest of the liabilities herein created shall be paid and discharged, and the governor shall make proclamation thereof; but if a majority of the votes cast as aforesaid are against this act then the same shall be and become void.

SEC. 11. It shall be the duty of the secretary of state to have this act published in at least one newspaper in each county, or city and county, if one be published therein, throughout this state, for three months next preceding the general election to be holden in the month of November, A D. nineteen hundred and ten; the costs of publication shall be paid out of the general fund, on controller's warrants, duly drawn for that purpose.

SEC 12 This act shall be known and cited as the "India Basin Act."

SEC 13. All acts and parts of acts in conflict with the provisions of this act are hereby repealed.

W. R. PORTER,
President of the Senate,
P. A STANTON,
Speaker of the Assembly.

SENATE BILL NO. 464.

Passed the Senate. March 12, A. D. 1909. Lewis A. Hilborn, Secretary of the Senate.

Passed the Assembly March 20, A. D. 1909. Clio Lloyd, Chief Clerk of the Assembly.

This bill was received by the Governor this 23d day of March, A. D. 1909, at 5 o'clock p. m. E. C. Cooper, Private Secretary of the Governor.

CHAPTER 623. An Act to provide for the issuance and sale of state bonds to create a fund for the construction by the board of state harbor commissioners for the bay of San Diego of harbor improvements, to consist of a seawall, wharves, piers, state railroad, spurs, betterments and appurtenances in the county of San Diego; to create a sinking fund for the payment of said bonds; to define the duties of state officers in relation thereto; to make an appropriation of one thousand five hundred dollars for the expense of printing said bonds, and to provide for the submission of this act to a vote of the people.

The people of the State of California, represented in senate and assembly, do enact as follows:

SECTION 1. For the purpose of providing a fund for the payment of the indebtedness hereby authorized to be incurred by the board of state harbor commissioners for the bay of San Diego for harbor improvements, consist of the erection of a seawall, wharves, piers, state railroad, spurs, betterments and appurtenances in the county of San Diego, at a cost not to exceed one million five hundred thousand dollars, which said seawall, wharves, piers, state railroad, spurs, betterments and appurtenances the said board of state harbor commissioners for San Diego bay are hereby empowered to construct in the manner authorized by law, at a cost not to exceed one million five hundred thousand dollars, the state treasurer shall, immediately after the issuance of the proclamation of the governor provided for in section ten of this act, prepare fifteen hundred suitable bonds of the State of California in the denomination of one thousand dollars each, to be numbered from one to fifteen hundred, inclusive, and to bear date of the second day of July, nineteen hundred eleven. The total issue of said bonds shall not exceed the sum of one million five hundred thousand dollars, and they shall bear interest at the rate of four per cent per annum from the date of issuance thereof. The said bonds and the interest thereon shall be payable in gold coin of the United States of the present standard of value, at the office of the state treasurer of said state, on the second day of July, nineteen hundred eighty-five, subject, however, to redemption by lot as in this act hereinafter provided. The interest accruing on all of said bonds that shall be sold shall be payable at the office of the treasurer of the state on the second day of January and the second day of July of each year after the sale of the same. At the expiration of seventy-four years from the date of said bonds, all bonds shall cease to bear interest, and likewise all bonds redeemed by lot as hereinafter provided shall cease to bear interest according to the provisions of this act, and the state treasurer shall call in and forthwith pay and cancel the same out of the moneys in the San Diego seawall sinking fund provided for in this act, and he shall on the date of the maturity of said bonds cancel and destroy all bonds not theretofore sold. All bonds remaing unsold shall, at the date of maturity thereof, be by the treasurer of the state canceled and destroyed. All bonds issued pursuants to the provisions of this act shall be signed by the governor of this state, countersigned by the state controller, and endorsed by the state treasurer, and the said bonds shall be so signed, countersigned and endorsed by the officers who are in office on the second day of July, nineteen hundred eleven, and each of said bonds shall have the great seal of the State of California impressed thereon, and said bonds signed, countersigned, endorsed and sold as herein provided, shall be and constitute a valid and binding obligation upon the State of California though the sale thereof be made at a date or dates after the person so signing, countersigning and endorsing, or either thereof, shall have ceased to be an incumbent of said office or offices.

SEC. 2. Appended to each of said bonds there shall be interest coupons so attached that the same may be detached without injury or mutilation of said bonds, and said coupons shall be consecutively numbered, and shall bear the lithographic signature of the state treasurer who shall be in office on the second day of July, nineteen hundred eleven. No interest shall be paid on any of said bonds for such time as may intervene between the date of said bond and the day of sale thereof, unless said accrued interest shall have been, by the purchaser of said bond, paid to the state at the time of such sale.

SEC. 3. The sum of one thousand five hundred dollars is hereby appropriated out of any moneys in the state treasury not otherwise appropriated to pay the expense that may be incurred by the state treasurer in having said bonds prepared. The state controller is hereby authorized and directed to draw his warrant for the expense incurred in preparing the said bonds, and the state treasurer is hereby directed to pay the same.

SEC. 4. When the bonds authorized to be issued by this act shall have been signed, countersigned and endorsed, as in section 1 provided, the state treasurer shall sell the same for cash to the highest bidder in such parcels and numbers as the governor of the state shall direct, provided a resolution requesting such sale shall have been adopted by the board of state harbor commissioners for San Diego bay, and said board shall not pass such resolution until in their judgment the actual harbor receipts, and those reasonably anticipated, will justify such sale of bonds, and te consequent increased burden on harbor receipts. Said resolution shall specify the number of bonds necessary to produce the amount of money which, in the judgment of said board of harbor commissioners, shall be required at such time, and the governor of the state shall direct the state treasurer to sell such number of said bonds to raise said amount of money, and that said bonds shall be sold in consecutive, numerical order. The state treasurer shall not accept any bid which is less than the par value of the bond, plus the interest which has accrued thereon between the date of sale and the last preceding interest maturity date. The state treasurer may, at the time and place fixed by him for such sale, continue such sale as to the whole or any part of said bonds to such time and place as he may at the time of such continuance designate. Before offering any of said bonds for sale the state treasurer shall detach therefrom all coupons which have matured or will mature before the date fixed for such sale. The state treasurer shall give notice of the time and place of sale by publication in two newspapers published in the city and county of San Francisco, one newspaper published in the city of Los Angeles, one newspaper published in the city of San Diego, and one newspaper published in the city of Sacramento, once a week for four weeks next preceding the date fixed for such sale. In addition to the notice last above provided for, the state treasurer may give such further notice as he may deem advisable, but the expenses and cost of such additional notice shall not exceed the sum of five hundred dollars for each sale so advertised. The cost of such publication shall be paid out of the San Diego harbor improvement fund on controller's warrants duly drawn for that purpose, and the treasurer must pay the same. The proceeds of the sale of such bonds shall be forthwith paid over by said treasurer into the treasury, and must be by him kept in a separate fund to be known and designated as the "San Diego Seawall Fund," and must be used exclusively for the construction of a seawall, wharves, piers, state railroad, spurs, betterments and appurtenances thereto on the water front of the bay of San Diego. Drafts and warrants upon said fund shall be drawn upon and shall be paid out of said fund in the same manner as drafts and warrants are drawn upon and paid out of the San Diego harbor improvement fund.

SEC. 5. For the payment of the principal and interest of said bonds a sinking fund, to be known and designated as the "San Diego Seawall Sinking Fund," shall be and the same is hereby created, to wit: "The state treasurer, after the second day of January, nineteen hundred and twenty-nine, shall on the first day of each and every month thereafter, after the sale of said bonds, take from the San Diego harbor improvement fund such sum as, multiplied by the time in months, the bonds then sold and outstanding at the time said treasurer shall so take said sum from said San Diego harbor improvement fund, less the amount theretofore taken therefrom for said purpose; and he shall place the sum in the seawall sinking fund created by this act. Said state treasurer shall on controller's warrants duly drawn for that purpose, employ the moneys in said sinking fund in the purchase of bonds of the United States, or of the State of California, which said bonds shall be kept in a proper receptacle, appropriately labelled; but he must keep always on hand a sufficient amount of money in said sinking fund with which to pay the interest on such of the state bonds herein provided to be issued as may have theretofore been sold. And to provide means for the payment of interest on the bends that may be sold and outstanding, said treasurer shall monthly take from the San Diego harbor improvement fund, and pay into said seawall sinking fund, an amount equal to the monthly interest then due on all bonds then sold, delivered and outstanding.. The board of state harbor commissioners of San Diego are hereby authorized and directed by the collection of dockage, tolls, rents, wharfage and cranage to collect a sum of money sufficient for the purposes of this act, over and above any limitations existing in the existing section of the Political Code of the State of California. Between the first and tenth day of November, in the year nineteen hundred and fifty, and between the first and tenth day of November of each year thereafter until the maturity of said bonds, the said treasurer shall, in the presence of the governor, proceed to draw by lot such an amount of bonds as shall be requisite to exhaust as nearly as may be the amount in said

sinking fund at that time, and thereupon and before the tenth day of December following, give notice by public advertisement to be inserted twice a week for two weeks in two newspapers published in the county of San Francisco, and also in one newspaper published in the city of San Diego, and also in one newspaper published in the city of Los Angeles, stating the number of bonds so drawn, and the principal of said bonds will be paid on presentation to the treasurer on or before the second day of January, following, and that from and after such last named date all interest upon bonds thus drawn shall cease, and it shall be the duty of the treasurer as soon as said bonds so drawn by lot are surrendered to him and paid to cancel the same, and the interest coupons thereon, and each year, beginning with the year nineteen hundred and fifty, the said treasurer shall, in the manner aforesaid, proceed to draw by lot such an amount of bonds as shall be requisite to exhaust as nearly as may be the amount in said sinking fund, and proceed in the manner hereinabove stated. After the payment of all said bonds, the surplus or balance remaining in said sinking fund, if any there be, shall forthwith be paid into the San Diego harbor improvement fund. At the time of the respective drawings by lot, as aforesaid, and also at the maturity of said state bonds, said treasurer shall sell the United States or other bonds then in said sinking fund, at governing market rates, after advertising the sale thereof in the manner hereinbefore provided for the sale of bonds hereby authorized to be issued, and shall use the proceeds for the payment of such bonds as may be drawn by lot, and at the maturity of said bonds outstanding shall pay and redeem said matured outstanding bonds out of said moneys in said fund in extinguishment of said bonds on controller's warrants duly drawn for that purpose.

SEC. 6. The state controller and the state treasurer shall keep full and particular account and record of all their proceedings under this act, and they shall transmit to the governor an abstract of all such proceedings thereunder, with an annual report, to be by the governor laid before the legislature biennially; and all books and papers pertaining to the matter provided for in this act shall at all times be open to the inspection of any party interested, or the governor, or the attorney-general, or a committee of either branch of the legislature, or a joint committee of both, or any citizen of the state.

SEC. 7. It shall be the duty of the state treasurer to pay the interest of said bonds, when the same falls due, out of the sinking fund provided for in this act, on controller's warrants duly drawn for that purpose.

SEC. 8. This act, if adopted by the people, shall take effect on the thirty-first day of December, nineteen hundred and ten, as to all its provisions, except those relating to and necessary for its submission to the people, and for returning, canvassing and proclaiming the votes, and as to said excepted provisions this act shall take effect immediately.

SEC. 9. This act shall be submitted to the people of the State of California for their ratification at the next general election, to be holden in the month of November, nineteen hundred and ten, and all ballots at said election shall have printed thereon, and at the end thereof, the words, "For the San Diego seawall act," and in a separate line under the same words, "Against the San Diego seawall act," and opposite said lines there shall be left spaces in which the voters may make or stamp a cross to indicate whether they vote for or against said act, and those voting for said act shall do so by placing a cross opposite the words "For the San Diego seawall act," and all those voting against the said act shall do so by placing a cross opposite the words "Against the San Diego seawall act." The governor of this state shall include the submission of this act to the people, as aforesaid, in his proclamation calling for said general election.

SEC. 10. The votes cast for or against this act shall be counted, returned and canvassed and declared in the same manner and subject to the same rules as votes cast for state officers: and if it appear that said act shall have received a majority of all the votes cast for and against it at said election, as aforesaid, then the same shall have effect as hereinbefore provided, and shall be irrepealable until the principal and interest of the liabilities herein created shall be paid and discharged, and the governor shall make proclamation thereof; but if a majority of the votes cast as aforesaid are against this act then the same shall be and become void.

SEC 11. It shall be the duty of the secretary of state to have this act published in at least one newspaper in each county, or city and county, if one be published therein, throughout this state, for three months next preceeding the general election to be holden in the month of November, nineteen hundred and ten, the costs of publication shall be paid out of the San Diego harbor improvement fund, on controller's warrants duly drawn for that purpose.

SEC. 12. The state controller and state treasurer are hereby directed to transfer from any moneys paid into the San Diego seawall fund under the provisions of this act to the general fund of the State of California, any and all sums of money theretofore transferred from said general fund to the San Diego seawall fund, together with interest on said moneys from the date of transfer at the rate of four per cent per annum.

SEC 13. This act may be known and cited as the "San Diego seawall act of 1909."

W. R. PORTER,
President of the Senate.
P. A. STANTON,
Speaker of the Assembly.

Approved April 16th, A. D. 1909.
J. N. GILLETT, Governor.

Endorsed: Filed in the office of the Secretary of State the 7th day of April, A. D. 1909, at 12:05 o'clock p. m. C. C. Curry, Secretary of State. By J. Hoesch, Deputy. jy29-15

Children Cry
FOR FLETCHER'S
CASTORIA

CASTORIA

The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of Chas. H. Fletcher and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but Experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is Pleasant. It contains neither Opium, Morphine nor other Narcotic substance. Its age is its guarantee. It destroys Worms and allays Feverishness. It cures Diarrhœa and Wind Colic. It relieves Teething Troubles, cures Constipation and Flatulency. It assimilates the Food, regulates the Stomach and Bowels, giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

GENUINE CASTORIA ALWAYS
Bears the Signature of
Chas. H. Fletcher.

The Kind You Have Always Bought
In Use For Over 30 Years.
THE CENTAUR COMPANY, 77 MURRAY STREET, NEW YORK CITY.

PROGRESS OF FOOTHILL CITY

In the golden land of sunshine,
Far above the salty sea,
There's a pretty little village,
That's quite good enough for me.

The streets are lined with faces,
Beaming full of joy and mirth,
The reason of it all, is,
Its the best place on the earth.

Now I'll tell you why
This rhyme's begun,
To help you buy,
And not get done.

To Myers I went,
The customer blowed,
And fills their heart with joy.

At Ginocchio's he said
Without telling any lies,
I got the squarest treatment
Since I'm buying merchandise.

Vogeli built a jewelry store,
The finest in the hills,
If you wish to see him keep it there
Be sure to pay your bills.

Tam is a clothier,
Quite well he is known,
His suits are all wool
With their buttons well sewn.

McGary keeps dry goods,
Gives tickets away,
And those who are lucky,
Get fine dishes, free.

The town, it can boast,
Of a furniture store,
And the manager, White,
Stocks it up to the door.

The girls and the boys,
Their fathers and mothers,
All eat Acme candy,
Tomales and sodas.

For billiards and pool,
Jackson now has a school
Where they teach every rule
And they break every fool.

Stoves, pots and dishpans,
Weller carries in stock,
His hardware and cans,
Beat the rest by a block.

Here's to the man
Who smokes the El-Ko,
And in his so doing,
Gives home industry a show.

With a small pocket book,
But now look at my load.

Ruhser the druggist,
A very fine fellow,
Compounds his prescriptions
Without any water.

To the Amador bakery
The villagers go,
When fresh bread is wanted
That's made of good dough.

Milwaukee's not in it
With beer that is made,
Compare it with Strohm's,
And its like lemonade.

Piccardo, the saddler,
Sews harness so well,
That he saves all his patrons
From swearing like h——

The Red Front store is strictly
A place quite excellent
It pleases every lady
On bargains seeking bent.

The drummers from the city
Unanimously tell,
Of fine accommodations
At the National hotel.

Palmer's pretty pictures
From comely girls and boys,
Always pleases patrons,

For keen Kutter knives,
Go to Vela & Piccardo,
And you'll swear on your life
You'll not use any ot er.

The Regal shoe sells
At three dollars and fifty,
They are liked by the miner
And worn in society.

Marre & Bros. sell liquors,
Wines and cigars of the best,
Largest distributing agents,
With goods that stand the test.

Schroeder's store on Court street,
The best in Jackson town,
Have highest grade groceries
With prices away down.

Lots of mines and houses
For sale or for rent,
Write for information from,
The Real Estate agent.

Lumber to build houses,
Lumber to build barns,
Garbarini's lumber yard,
The busiest place in town.

Basso builds bridles,
Also halters and traces,
And sews them so solid,
That they last for all ages.

Franatovich & Zarcovich
Cut marble with such ease,
That all who watch the artists
Would swear they're cutting cheese

Langhorst is able, and this is no fable,
I tell it, for once and for all,
His watches of gold, silver, nickel and brass,
Once fixed, you can bet, forever will last.

Sobretto the plumber,
Makes friends everywhere,
The reason he does it,
His prices are fair.

Men's tailored suits go,
At such prices so cheap,
Mounter says, why bless me,
I am fleeced like a sheep.

Gibraltar's not in it
With Amador's bank,
To compare them is silly,
What is it you dank.

Dana cupid, and the Globe hotel,
In league most surely are,
Else why should all the benedicts
Bring bridesthere from afar?
Hay, oats and corn, are fed in the barn,
At Podesta & Taylor's stable,
The horses are fast, and all others pass,
When a driver is found who is able.

Earle and Heide, two tailors,
With reputations fine,
Opened up a repair shop,
Your trade, now get in line.

It is claimed the customer swore,
Stones "sixty six" singer machine
Will make any other sewer,
Look like an old has-been.

A dead one, well, I should say not,
Particelli is right in the swim,
He cuts in the rock, and carries a stock,
That is equal to all that I've seen.

Sweet meat, good to eat,
Sold by Thomas, the butcher,
Come right in, you wont' be skinned,
And you'll never go to another.

CALL FOR
Republican County Convention

Notice is hereby given that at a meeting of the republican county central committee held in Jackson, July 12, 1910, it was ordered that a republican convention be held in Jackson, on Saturday, August 27, 1910, at 10 o'clock a. m. for the purpose of selecting delegates to attend the state convention, for the adoption or fesolutions or platform, for the election of a new county central committee, and the transaction of such other business as may properly come before the meeting.

The basis of apportionment for delegates to said county convention shall be one vote for every 25 votes, or majority fraction thereof cast for the highest presidential elector at the election in 1908. Under this apportionment the number of delegates which the respective precincts are entitled is as follows:

Precincts	No Delegates
Jackson 1	3
Jackson 2	3
Jackson 3	3
North Jackson	2
South Jackson	2
West Jackson	1
North Ione	3
South Ione	4
Buena Vista	1
Lancha Plana	1
Oleta	2
Volcano	2
Pine Grove	2
North Amador	2
South Amador	1
South Sutter Creek	2
East Sutter Creek	3
West Sutter Creek	1
North Plymouth	1
South Plymouth	1
Drytown	1
Forest Home	1

Republicans are recommended to meet in caucus in their respective precincts on Saturday, August 6, 1910, to select candidates for delegates to be be voted for at the primary election.

By order of County Committee
A. M. GALL, Chairman.
C. E. RICHARDS, Secretary

Better Photographs

When you have your "photos" taken by LOGAN you get better workmanship and more satisfaction than anywhere else. Up-to-date apparatus, the best of skill and many years of experience have given LOGAN a well deserved reputation. He is the premier photographer of Stockton. When you come to town dont' fail to call at the studio—15 S. San Joaquin St. Prices always mode rate—work always best.

U.S. CRIES FROM BOX THRONE

Me, God and Webb, Theme of Religious Political Sermon

Sheriff Gregory, who is a candidate on the democratic ticket for re-election to the office he now holds, started a series of speeches last Friday evening at Plymouth, on Saturday evening he shouted at Ione, Sunday evening he talked at Sutter Creek, and Monday evening he plead at Jackson.

The long-time sheriff, who admitted he had grown gray while holding office and living on the taxpayers, it will be noted delayed his series of talks until Friday evening, when he knew it would be impossible to answer his many blunders and mistatements. After railing this paper throughout the lower part of the county, and we may add, securing for us at least three paid up subscribers for one year, in so doing, he treated the citizens of the county seat with his speech which had toned from the roar of an infuriated bull to that of a pleading, "please Mr Republican."

A well built box of large dimensions and reinforced on the top with planks was placed in front of Spagnoli's drug store, and from this temporary throne the agitated sheriff made his pleading speech. At about 8:15 the Texas veteran stepped onto the box and began by saying: Fellow citizens and friends, and with a few ungrammatical sentences brought out a ia William J. Bryan, purposely to win the attention of the laborers, he informed his hearers. "I am no scholar, I never as much as looked inside of a grammar, and I want to tell you I'd rather shake the hand of an honest uneducated laborer every day of the year, than to grasp the paw of an educated rascal one day of the year." After informing his hearers that he would not attempt to educate any person politically, he stated that he wished only to instruct his hearers how to handle the ballot at this primary election. This statement, changed a trifle, was uttered at intervals throughout his speech. He declared he had received the best legal advice in Amador county on the subject, and in his travels through the county he was asked by 19 out of every 20 men to explain to them the primary law. The reader here can judge if the pleader was telling the truth.

"This, then is my reason for coming before you to-night, to explain to you the primary law." He tried to explain as far as his knowledge allowed him to venture, the reason the primary law was adopted, using the Santa Cruz convention, and Abe Rufe as the cause for the reform fright. He explained how this county was carried for Bell by 150 majority and how Gillett lost 290 votes. Now he shouted, it is in your hands to elect your own candidates to serve you for the next four years, all of which he supposed was information never before told or heard of in Jackson. After 20 minutes of explaining the ballots to those who could not read the Anglo Saxon language, and impressing upon the ignoramus the fact that the law says a vote can be cast for whom ever the voter wishes to have it count he informed his hearers of the fact that the republicans had one half dozen candidates on their ticket to the democrats one, and added the one with the longest stick will get the persimmons. He failed to call the attention however, that on his own ticket two candidates were fighting for the persimmons which have been fattening him for 14 years. More slush about marking ballots was handed out and repeated three times over, and then rising on his toes he shouted, please Mr voter, if you don't want me, don't vote for me at the primary and then cut my throat in November.

The interesting part of the speech, however, was to come, the audience of women and children seemed more or less disappointed at the tone of his address, and to any stranger it was easily apparent they expected something more from the sheriff of many years. The smile appeared on the faces of each one as the heavy man began to bewail the outcome of a small card and pencil which he had inaugurated solely for the purpose of enabling the public to have clean politics. He explained the purpose of the card, and added whatever can be said of the card can be said of the circular which I issued later.

Should I mention any names during my speech, it is with the tenderest and greatest respect, he continued, you all know how hard it is to speak of a matter associating itself with other individuals, without using their names.

I love Richard Webb, he said, but not as much as my wife, I love my wife, and I love my God, and I can say I don't quite love Webb that much, I ain't like the fellows that said I love wife, but, O you kid, he added. Then picking up an editorial clipped from the Ledger and pasted to a cardboard, he attempted to analyse the article and explain it to his hearers. His explanation was a mess, and not at all enjoyed, the crowd however, fairly shouted when he compared himself with a little yellow dog that was buried by its master, after foolishly getting killed by trying to do its best. He entertained the crowd with another grave yard story, after describing the conditions which greeted Bell four years ago. His stories were apparently enjoyed, and it is to be regretted that he did not tell more of them. He told of the Ledger's editorial in which he said he was claimed to be between two fires and two anvils, and two millstones, and cautioned both millstones who were present, and heard his address, to beware, lest they become ground to powder in attempting to crush or flatten out a well tempered piece of steel such as he has proven himself to be. Here he was applauded, and the only time in his speech, by the ladies. It was a pity that the man was compelled to continue an address to such an unappreciative audience. "Why, he fairly obbed, many, many sleepless nights I've spent in preventing clothes lines from being robbed, you wives and children go home and write down all the good I have done and reason out for yourselves if you do not think I am deserving of reelection. He told of how he prevented the anarchists from carrying the red flag through the streets of Amador, how he had cleaned up all red neckties and red buttons, and prevented a large delegation from parading in Jackson. Dramatically he told of going down into the midst of a band of cutthroats and murderers, and declaring he was his own law, in carrying out his orders. But the climax of the empty address was reached when he compared himself with Jesus Christ, the son of the most high. Why, he cried from his box throne, they call me wicked for making a politcal campaign speech last Sunday in Sutter Creek. Jesus did as much on Sunday, he declared, and the bible proves it. If Jesus could go through the streets preaching and healing the sick and afflicted, I can preach clean politics on Sunday.

I am a free American he continued, and can speak wherever and whenever I please.

Christ went into the cornfield and stole corn, he told the sick man to take his bed and go, and the holy scripture, he declared, tells us that the Sabbath was made for man and not man for the Sabbath. Christianity, religion and politics go hand in hand he shouted, then quoting a four line poem to season the talk with intelligence, he again explained the mouldy subject of registration, drained the last drop of a large pitcher of water, and stepped down from his throne to the earth.

Many republican candidates were heard to remark, after the address had finished, "Why that speech was worth $50 in my own campaign."

Rather Mixed.

The first trial of the new primary law brought out many incongruities in this county; some of them utterally inexplicable. In two Jackson precincts outside the city limits, for instance the republican and democratic voters for the same candidate were added together, instead of being kept separate. W. H. Greenhalgh got a majority of votes on the democratic ticket, and in these precincts his democratic votes were added to the votes in the republican column, thereby giving him considerably more than there were republican ballots cast. The same was done with all other candidates. Republican delegates to county convention were voted for to democratic convention, and vice versa. There were many other mix ups.

Woman's Power Over Man

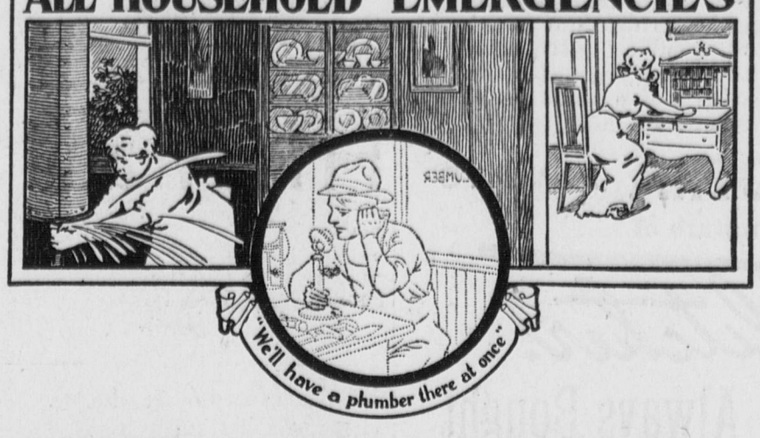

Woman's most glorious endowment is the power to awaken and hold the pure and honest love of a worthy man. When she loses it and still loves on, no one in the wide world can know the heart agony she endures. The woman who suffers from weakness and derangement of her special womanly organism soon loses the power to sway the heart of a man. Her general health suffers and she loses her good looks, her attractiveness, her amiability and her power and prestige as a woman. Dr. R.V. Pierce, of Buffalo, N.Y., with the assistance of his staff of able physicians, has prescribed for and cured many thousands of women. He has devised a successful remedy for woman's ailments. It is known as Dr. Pierce's Favorite Prescription. It is a positive specific for the weaknesses and disorders peculiar to women. It purifies, regulates, strengthens and heals. Medicine dealers sell it. No *honest* dealer will advise you to accept a substitute in order to make a little larger profit.

IT MAKES WEAK WOMEN STRONG, SICK WOMEN WELL.

Dr. Pierce's Pleasant Pellets regulate and strengthen Stomach, Liver and Bowels.

ALL HOUSEHOLD EMERGENCIES

AN HOUR saved in summoning the plumber by telephone may save the price of several years of service.

It certainly saves a lot of discomfort and worry.

The Bell Telephone keeps the household in constant touch with all the resources of civilization and is instantly available in any emergency.

It also keeps the household in constant touch with the broader outside world by means of the Long Distance Service of the Bell System.

Deafness Can not be Cured

by local applications as they cannot reach the diseased portion of the ear There is only one way to cure deafness and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars or any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.
